

## CONSTRUCTION UPDATE

### NORTH TARRANT PARKWAY

(from Rainy Lake Drive to US 377)

May 8, 2006

This project involves the roadway construction for North Tarrant Parkway from IH-35W to US 377. North Tarrant Parkway will be widened to a four-lane divided roadway with storm drain and traffic signal improvements.

The following information has been provided by Austin Bridge & Road, L.P., the contractor for North Tarrant Parkway from Rainy Lake Drive to US 377:

> The new traffic signals at Taggart Trail, Trace Ridge Parkway, and Park Vista Boulevard will begin operation on Wednesday or Thursday this week.

> Park Vista Boulevard will be opened up to four lanes when the traffic signal is turned on.

> The new traffic signal at Parkwood Hill Boulevard is scheduled to begin operation late next week.

> Union Pacific Railroad will not complete the installation of their new railroad gates at US 377 until the first week of June.

For more information, please contact Mike Weiss of the City of Fort Worth Transportation/Public Works Department at (817) 392-8485.
