Open House Workshops are being held in May and June to introduce the public to the *New Castle County Pedestrian and Bicycle Pathway Plan*. The Plan proposes a network of pathways, separated from automobile traffic. While open for recreational use, the primary focus of this Pathway Plan is to improve non-motorized transportation across the county.

Workshop participants will be encouraged to provide feedback on proposed pathway routes or make suggestions for new ones. You can learn more about the New Castle County Pedestrian and Bicycle Pathway Plan at: [www.wilmapco.org/nccpathways](http://www.wilmapco.org/nccpathways).
