Honorable JIM MADAFFER,
City Council Member, District Seventh
202 'C' Street, MS-10A
San Diego, Ca 92101

RE: *Pedestrian Plaza at Reno/University*

Dear Honorable Madaffer:

After much and careful deliberation, over the period of two month meetings, the association members and residents of Fox Canyon unanimously voted to recommend, support and petition, the cul-de-sac of the Loop [Reno/Estrella] with a **pedestrian plaza at Reno/University** as follow:

- I. For immediate relief to endemic traffic problems, the association will start proceedings to turn this loop into a **one-way street, PHASE I.**
- II. In the interim, with your leadership, the association will work with system process along with the residents, the Council Office and city Staff, in partnership with other City Heights organizations and committees, to design, fund and build the pedestrian plaza, the final goal and **PHASE II.**

As you may know, several other organizations serving the Seventh Council District have also commissioned study that support nodal redevelopment at this key intersections [*Euclid/University/Reno*]. The Estrada Study, 1993 [*City Heights CDC*] and the one funded by Price Charities come quickly to mind. In addition, several City approved plans also are in support of a pedestrian plaza at this location.

Please, receive our immense gratitude for your leadership and the great job you do representing us at City Council. Again, petitioning your help and support to see this pedestrian plaza finished to a tangible asset and reality, as a direct benefit to Fox Canyon and City Heights, I want to wish you and all your Office Staff, the best of days.

Respectfully,

Jose Lopez, President

MISSION: To serve as a link to resources for the residents and to function as a catalyst for change in the neighborhood and the community-at-large. Whereby, we can become the community of choice within CITY HEIGHTS.
