

Welcome to our homepage.

This website is part of an effort by the Canterbury Farms Homeowners Association to increase communication with residents of both builders, Armadillo and Stonefield, our members. Our goal is to let you know about our own activities as well as about issues and events that affect residents of our neighborhood. In addition to our newsletter, Canterbury Farms News, you can attend our association meetings and annual board meeting; we will try to let you know about current events and issues as they happen by email. We hope everyone who lives in Canterbury Farms will give us a current email address so that we can keep in touch with you.

Here are some of the tasks to which we have dedicated ourselves this year.

- We are initiating a drive of community members to bring additional safety measures to our neighbor. You may have already signed up for San Antonio Police Department Cellular on Patrol task force. In conjunction with our Safety Committee these community members will work with SAPD and COP to keep our neighborhood safe. This is only the beginning of a very large and very long task. We hope you will support this campaign with your time by volunteering for SAPD's COP.
- We intend to continue our efforts to see that safety signs are installed on the Canterbury's Farms subdivision streets.
- We have re-dedicated ourselves to the support our Homeowners Association Convents by encouraging compliance by community members and enlisting our council office to follow suit.
- We will endeavor to bring you our most popular special events to foster community involvement.
- And finally – we will do our best to keep the lines of communication open with you via our newsletter and our website. We hope that you will not hesitate to relay your comments or questions by sending us an e-mail. If you would like to write an article to be posted in the our newsletter feel free to sent it to the Communications Committee and we will review it. All e-mails should be sent to CCCanterburyFarmsHOA@yahoo.com

Sincerely,

Communications Committee
Canterbury Farms Homeowners Association
