I, the undersigned applicant acknowledge that I am aware and understand that the granting of a building permit by the City of Olive Branch is not to be taken as authorization by the city to violate deed restrictions or subdivision restrictive covenants imposed upon properties within the subdivision wherein the property is located. The applicant understands that such restrictions run with the land and remain fully enforceable by the owners of property within the subdivision and are unaffected by the granting of a building permit which may be in conflict therewith. In the case where the applicant is not the owner of the subject property, the applicant affirmatively states that he has informed the property owner of the contents of this acknowledgment.

I, the undersigned applicant certify that the described work listed on this permit and all supporting documents submitted with this application are true and correct. I acknowledge that any permit granted on the representation herein made, may be revoked at any time, without notice, on a breach of representation or violation of the City of Olive Branch building codes and/or City of Olive Branch ordinances.

If construction is not started in six (6) months, this permit is void and must be renewed. If construction is not finished in twelve (12) months, this permit is void and must be renewed.

I hereby acknowledge that I have read the application and state that the above is correct and I agree to comply with all city ordinances and City of Olive Branch building codes.
