

The temporary Drop-off Station on Yuma Avenue is ceasing operations Saturday, July 1st, at 5:00 p.m. Fort Worth residents can take their extra trash, recyclables, yard trimmings, or bulky items to these drop-off stations: Southeast Fort Worth at 5150 MLK Jr. Freeway, exit Village Creek off Highway 287; or in north Fort Worth, 2400 Brennan Avenue, west of I35 off North Side Drive and Cold Springs Road.

In partnership with Goodwill Industries of Fort Worth, the Southeast and Brennan Drop-off Stations both accept computers and other electronics, except TVs, whether they are working or not. Appliances that contain Freon® are also accepted. Trained city staff will safely remove any Freon at no charge. The drop-off stations are designed to be very user-friendly and offer free mulch to customers. The City of Fort Worth invites you to come and see for yourself.

Drop-off stations are open 6 days a week Monday through Friday from 9 a.m. to 7 p.m., Saturday 8 a.m. to 5 p.m., and closed on Sundays.

Drop-off station services are free to Fort Worth residents, but a recent water bill or a driver's license is required to prove residency. No commercial waste is accepted, and no double-axle trailers are allowed.
