

**VEHICLE DECAL REGISTRATION FORM**  
(Lydia Estates Homeowners Association, Inc.)

**PRINT**

<b>Date:</b>	
<b>Name:</b>	
<b>Address:</b>	<b>Lot.#</b>

**Background:**

In April – July, 2000, homeowners voted to obtain decals for vehicles owned by residents that are garaged on a regular basis at Lydia Estates. The cost per decal was set at \$3.00 per vehicle. We encouraged the cooperation of everyone since the decals are an important part of our security program (Neighborhood Watch).

**Instructions:**

The information below is requested for each vehicle registered to your address and is regularly garaged at your home. Please submit \$3.00 for each decal along with this form to the association treasurer.

If a vehicle is sold, or no longer registered to your address, please remove the decal from the window and update this form. If a new or replacement vehicle is obtained, please contact the Association for a new decal. **If an old decal is returned, the new decal may be purchased at a reduced cost of \$2.00.** Cash is preferred. If you write a check, make it out to Lydia Estates Homeowners Association – Decals.

**Application of the Decal:**

The decal should be applied to the outside of the rear window (bottom/left corner – Driver’s side). (1) Clean area for the decal. (2). Separate the two pieces of paper, ensuring that the decal remains on the thinner (top) layer of the paper. (3) Apply the decal to the window with the designs two larger loops to the right and the smaller loop to the left. (4) Carefully take a flat edge to press and smooth out the decal against the window. (5) Remove the thin layer of paper leaving the design (decal) on the window.

**Column #3 below:** enter “N”=new vehicle; “U”=if only the vehicle information changes; “D” =vehicle no longer is in your possession and decal has been removed.

**Vehicle Information – Please Print**
