

SNIP SPAY NEUTER INTERVENTION PROJECT

Over 20,000 animals are put to death every year in Pima County alone. Despite the efforts of AWASA and its affiliated organizations, we cannot keep up with the number of animals abandoned and relinquished each year.

To help reduce this staggering figure, AWASA has received funding from the AZ License Plate fund, Charter Funding and individuals to provide subsidized spay/neuter surgeries, transportation to and from participating clinics if needed and transitional support after surgery. Our goal is to provide as many spays and neuters as possible.

Can you help?

call: 808-2135

AWASA: Working Together Toward A Common Goal

The mission of the alliance is to bring together Southern Arizona's animal welfare organizations and interested individuals for mutual support. We are working together to bring about an end to companion animal overpopulation through a broad network of spay/neuter and adoption programs. Our members are committed to a common goal of maximizing placements and minimizing euthanasia of adoptable animals.
