Dear Eastside Community Friend,

As you may know, the "Eastside Guardian Community Project" team commissioned an artist to create a bronze sculpture, an original work of art, to capture all the pride, confidence and decency that the Eastside Minneapolis Community feels about the police officers who protect our homes, workplaces and neighborhoods. The sculpture evokes law enforcement, past and present, and will be a true neighborhood asset.

Many have contributed to this effort over the past few years and we are proud to say the project is now in the home stretch toward completion. But we still need additional financial support to get to the finish line. The project team has added a "**Community Level**" of giving to help encourage participation by all of our business neighbors and friends. Please see the enclosed flyer for details. As you know, this Project is being carried out independently of city or state funding.

Please consider making a tax-deductible donation to this important project. Gold, Bronze, and **Community Level** contributors will be publicly acknowledged at the unveiling of the statue during Police Week in May of 2007 at the Second Precinct Headquarters.

The terrorist attacks of September 11 left us with a greater appreciation for the men and women who willingly make the ultimate sacrifice to protect us all. It was just months after that tragedy that this project to honor our local police took root. Now, more than ever, we hope that you will join us in honoring their dedication by supporting the "Eastside Guardian Community Project."

Best regards,

Joseph A. Bishop
"Eastside Guardian Community Project" Member
