

Great American Weekend Cleanup 2007

GOCHA

Saturday, May 19th, 2007

An annual event that took place all across the City of Glendale brought out young and old for 3 hours of brightening up thier communities. I want to thank Laurayn Cordero for refurbishing our canyon marker, and Renee Wallace for continually keeping the surrounding areas free of debris. Only two canyon volunteers participated in this years clean-up...thanks honey for pitching in!
your loving husband, David.
