## YOU need to ask yourself,

## What is the **REAL REASON** to start another 'official website'?

For all you newbie's here is some history...

A. Keith Anderson, AST Group LLC, was initially paid (according to the financials) to start www.woodlandsprings.com with the intent it would belong to VOWS

B. Dave and Pauline Veness (according to records) are part owners of <a href="www.woodlandsprings.com">www.woodlandsprings.com</a>. Both are VOWS homeowners.

C. The advertising and payment information is as follows:

Woodland Word states An Official Website is coming <a href="www.woodlandspringshoa.com">www.woodlandspringshoa.com</a> <a href="http://whois.domaintools.com/woodlandspringshoa.com">http://whois.domaintools.com/woodlandspringshoa.com</a>

Information directed to Lushane Carinci @ 11712 Latania Lane, email: carinci@1scom.net. She is on the Sub Committee, Community Calendar. A Vows homeowner.

You need to ask yourself, what is the real reason the Advisory and Sub Committee's feel it necessary to start an official website when one already exists? Centurion American is developing VOWS <a href="http://www.centurionamerican.com/about">http://www.centurionamerican.com/about</a> dev present.html

Why do SBB and/or the HOA and/or the Advisory Committee continue to deliberately hire a homeowner and/or someone with a conflict of interest to create, and provide maintenance to a community website? We already have two official websites. Maybe the creation of another website by a homeowner is financially beneficial?

Same players, same practices, same behavior.

On website: <a href="www.villagesofwoodlandspringseast.com">www.villagesofwoodlandspringseast.com</a> While many of our Committee members and Sub Committee members do not want to acknowledge the homeowners past Alta Vista, whether we like it or not, they are a part of our community. The same manner in which we complain how Keller residence treat us 'the others on the other side of 377', these same complainers are treating the 'others on the other side of Alta Vista' in the same manner. Their ability to represent our entire community remains to be seen.
