

The Great Westwood Divide

May 4-5

Do you have plants that need thinning or dividing that you hate to throw away? Do you have an old friend (of the green variety) that you'd like to find a new home for? Or. . .are you wanting to add some new plants to your garden for free?

Your Neighborhood Association can help you out. Just drop your plants or divisions by Judy Lonning's, 5131 Robertson, anytime Friday, May 4 from 2-6 p.m. Please include a tag or note stating the plant's name, height (small, medium or tall will do) and sun requirements (sun, part-sun or shade.) Then on Saturday, May 5, come and pick up what you need from 9 a.m. to noon. You don't have to "give" to "get."

Please come...rain or shine. Tell you friends—they don't have to belong to the association to participate. Questions? Judy Lonning 255-6587.
