

### Motorcycle Safety Training

#### Basic Rider Course (BRC)

The basic rider's course provides safety education and training that is compulsory for every RI motorcyclist - the only such state requirement in the nation. CCRI has purchased motorcycles, built special housing for them, and has incorporated the national motorcycle safety foundation (MSF) standards into the curriculum.

*Funding for the program is provided from student tuition and from fees assessed by the Registry of Motor Vehicles. Approximately 3,000 individuals sign up for classes every year.*

If you would like a program registration packet sent to you, please call 401.825.2000 or 401.333.7070 or, you can download one online at [www.ccri.edu/lifelong/motorcycle](http://www.ccri.edu/lifelong/motorcycle). Classes run from April to November (weather permitting).

*In-state Residents: \$60 (no registration fee applies)*

*Out-of-state Residents: \$125 (no registration fee applies)*

**For more information on our Motorcycle Safety Training Programs, visit us on the web at [www.ccri.edu/lifelong/motorcycle](http://www.ccri.edu/lifelong/motorcycle)**
