

Solar City – Collective Power Program:

Mayor's statement:

"I applaud the work by Berkeley neighborhood associations to sign up a large group of homeowners to install solar electric systems on their houses. Not only will this effort save homeowners money, but it is exactly the kind of community effort that will help Berkeley reduce its overall footprint and achieve the greenhouse gas reduction targets voters approved under Measure G."

Mayor's email :

Neighbors Getting Together for Solar Power

You might want to take a look at the efforts of some of our neighborhood associations and other community groups to sign up a large number of homes for solar power system installations at one time. This joint effort is a good way for property owners to save money on solar panels. Stop by one of their upcoming meetings to learn more. Meetings will be held on Saturday, August 4th at 11am; Saturday, August 11th at 3:30 p.m.; Monday, August 13th at 6:30 p.m., and Monday, August 20th at 6:30 p.m. All of the meetings take place at the Rockridge Library across the border in North Oakland (5366 College Avenue).

Linda Gage is helping coordinate the program with Berkeley neighborhood associations. Email her with questions at gagemail@comcast.net.

date of next meetings: Rockridge Library on College in Oakland.

Monday, August 20th at 6:30PM
