

LIFE SAFETY ISSUES at HIGHLINE MEADOWS

***Building 50 has Three
Dead Smoke Alarms on
Third Floor January 17th
2009***

**Why are we paying Rory
70K per year and why is**

**TMMC directed
Personnel not taking our
Life Safety issues
Seriously??????????????**

***Also ; Building 190 has
had both Stairwell lights
out for over 3
months.....***

**What does this tell you
about the kind of
Maintenance and weekly
inspections we are
getting????**

**TMMC and the Board of
Directors don't care
about your Safety!!!**
