

**HPD NORTHEAST DIVISION
CIVIC ASSOCIATION COMPLAINT FORM**

Please list areas in your neighborhoods that are causing the entire neighborhood problems and concerns. After you list these locations, please rank them by number of importance using a 1 to 5 ranking. A "1" would be the most serious while a "5" ranking would indicate more of a quality of life issue and not a dangerous situation. Locations such as drug houses and other "crime related" locations should be ranked the highest, as these are the ones that are causing the most serious problems for your neighborhood. Also list the approximate time of day and day of the week that these problems are occurring or seem to be the most active. This will allow us to focus our resources towards these times for the best use of these resources.

Rank#	Location	Type of Problem	Day	Time
