Permanent living quarters for domestic servants and allowing domestic servants to be domiciled with an Owner or resident shall be permitted.

During the construction and sales period of the initial Living Units, the builder may erect and maintain such structures as are customary in connection with such construction and sale of such property, including, but not limited to, a business office, storage areas, sign, model units, sales office, and construction trailer, but the size, location, and design of any storage sheds, signs, sales office and construction trailer shall be subject to ARC approval.

No building material of any kind shall be placed or stored upon any Lot until the Owner thereof is ready to commence improvements, and then the material shall be placed within the property lines of the Lot upon which the improvements are erected and shall not be placed on the street or between the curb and property line.

All temporary construction and sales structures shall be aesthetically compatible with the Subdivision development, as solely determined by the ARC.

ARTICLE IV

ARCHITECTURAL REVIEW COMMITTEE

There is hereby created an Architectural Review Committee, initially composed of Robert A. Reeh, John Pierret and Robert M. Mann to serve until their successors are named. A majority of the ARC may act for the ARC and no notice of any of its meetings shall be required. Subject to the terms hereinafter set forth, Declarant shall have the right to remove or add members to the ARC and fill vacancies in the ARC

membership and Declarant may assign such rights to the Association. The sale of the last Lot owned by Declarant within the Properties shall be deemed to be an assignment to the Association of Declarant's powers with respect to ARC membership. ARC members shall not be entitled to compensation for their services rendered in such capacity.

No building, fence, wall, outbuilding or other structure or improvement shall be erected, altered, added onto, placed or repaired on any Lot in the Subdivision until the complete plans including site plans, grading plans, floor plans depicting room size and layouts, exterior elevations, landscape plans, and any other plans or information deemed necessary by the ARC for the performance of its function ("Required Plans"), are submitted and approved in writing by the Architectural Review Committee as to the conformity and harmony of exterior design with existing structures in the Subdivision, the location with respect to topography, existing trees, and finished elevation, and apparent conformity with the requirements of this Declaration. In addition, the Owner shall submit the identity of the individual or company intended to perform the work and projected commencement and completion dates. The Architectural Review Committee shall have the power to employ professional consultants to assist it in discharging its duties and may create and impose reasonable fees for processing of applications.

Within thirty (30) days after the Owner has submitted to the ARC the Required Plans and written notice that the Owner desires to obtain ARC approval, the ARC shall notify Owner in writing whether the Required Plans are approved or disapproved. If plans and specifications are not sufficiently complete or are otherwise inadequate, the ARC may reject them as being inadequate or may approve or disapprove them in part, conditionally or unconditionally, and reject the balance. In the event the plans submitted by the Owner have not been approved or disapproved within thirty (30) days after being submitted, the plans so submitted will be deemed to have been approved but a deemed approval shall not permit a violation of any of the terms of this Declaration nor extend to any deviation from or alteration to the plans actually submitted nor to any matter requiring a written variance.

The ARC shall have the express authority to perform fact finding functions hereunder and shall have the power to construe and interpret any covenant herein that may be vague, indefinite, uncertain or capable of more than one interpretation. The goal of the ARC is to encourage the construction of dwellings of good architectural design, quality and proper size compatible with Declarant's conceptual plan for the Subdivision. Dwellings should be planned and designed with particular attention to the design and aesthetic appearance of the exterior and the use of such materials, which, in the sole judgment of the ARC, create an attractive and harmonious blend with existing and proposed dwellings in the immediate area and the natural surroundings. The ARC may disapprove the construction or design of a home on purely aesthetic grounds where, in its sole judgment, such disapproval is required to protect the continuity of design or values of the neighborhood and of other homeowners or to preserve the serenity and natural beauty of any

surroundings. Members of said ARC and their representatives shall not be liable to any person subject to or possessing or claiming the benefits of these restrictive covenants for any damage or injury to property or for damaged or loss arising out of their acts hereunder. The ARC's evaluation of Required Plans is solely to determine compliance with the terms of this Declaration and the aesthetics or the proposed improvements and the ARC disclaims any responsibility to determine compliance with any applicable building code or other standard for construction.

The Architectural Review Committee shall have the right, but not the obligation, to grant variances and waivers relative to deviations and infractions of the Declaration or to correct or avoid hardships to Owners. Upon submission of a written request for same, the ARC may, from time to time, in its sole discretion, permit an owner to construct, erect or install a dwelling which is in variance from the covenants, restrictions or architectural standards which are provided in this Declaration. In any case, however, the dwelling with such variances must, in the ARC's sole discretion, blend effectively with the general architectural style and design of the neighborhood and must not detrimentally affect the integrity of the Subdivision or be incompatible with the natural surroundings. All requests for variances shall be in writing, shall be specifically indicated to be a request for variance, and shall indicate with specificity the particular standard sought to be varied and the nature of the variance requested. All requests for variances shall be deemed to be disapproved if the ARC has not expressly and in writing approved such request within thirty (30) days of the submission of such request. No member of the ARC shall be liable to any owner for any claims, causes of action or damages arising out of the grant of any variance to an owner. No individual member of the ARC shall have any personal liability to any Owner or any other person for the acts or omissions of the ARC if such acts or omissions were committed in good faith and without malice. Each request for a variance submitted hereunder shall be reviewed independently of similar or other requests for variance and the grant of a variance to any one Owner shall not constitute a waiver of the ARC's right to deny a variance to another Owner. The decisions of the Architectural Review Committee with respect to variances shall be final and binding upon the applicant.

All decisions of the ARC shall be final and binding and shall not be subject to revision except by procedure for injunctive relief when such action is patently arbitrary and capricious. In the event of construction of improvements or threatened construction of improvements in violation of this Declaration, any Owner, The Association, Declarant or the ARC may seek to enjoin such construction or seek other relief against the Owner or builder responsible therefor provided that each such offending party shall first be given written notice of the perceived violation and the opportunity to remedy the violation prior to the filing of suit. Neither Declarant, the Architectural Review Committee, nor any member of such ARC shall be liable in damages, or otherwise, to anyone submitting plans and specifications for approval or to any Owner who believes himself adversely affected by this Declaration by reason of

mistake of judgment, negligence or non feasance in connection with the approval or disapproval of plans or requests for variance.

The Architectural Review Committee shall be duly constituted and shall continue to function for the entire duration of this Declaration, including any extensions thereof. At such time as Declarant no longer owns any Lots subject to the jurisdiction and assessment of the Association, the Board of Directors shall have the right and obligation to appoint the members of the ARC.

ARTICLE V

RESTRICTIONS ON LOTS

All Lots in the Subdivision except Lot 1, Block 6, shall be used only for residential purposes. No residential building shall remain incomplete for more than nine (9) months after construction has commenced. Temporary use may be made of a house for a builder's sales office, which shall be permitted until such house is occupied as a residence, provided such use is approved in writing by Declarant.

Except as otherwise provided in this Article V, the term "residential purposes" as used herein shall be held and construed to exclude any commercial use, industrial use, apartment house, hospital, clinic and/or business use, and such excluded uses are hereby expressly prohibited. Home office use other than clinics will be permitted providing that the use conforms to zoning regulations, is not detectable by sight, sound or smell, does not include any on-site employees other than persons residing in the house, and does not materially increase or in any way obstruct vehicular or pedestrian traffic.

ARTICLE VI

OUTBUILDING REQUIREMENTS

Every outbuilding, inclusive of such structures as a detached garage, storage building, gazebo, spa, greenhouse or childrens' playhouse, shall be compatible with the dwelling to which it is appurtenant in terms of its design and material composition. All such outbuildings shall be subject to approval of the ARC. In no instance shall an outbuilding, other than a detached garage, exceed one (1) story in height or exceed two hundred (200) square feet of floor area.

ARTICLE VII

BUILDING MATERIALS

The exterior walls of the first floor of all residential buildings shall be 100% masonry or masonry veneer. The rear elevations of both one

story and two story residential buildings on Lots 2-6, inclusive, Block 6, shall be 100% masonry so as to maximize the appearance of homes visible along Evans Road.

On all other Lots, the front and front most twelve (12) feet of the sides of all residential buildings more than one story in height shall be all masonry or masonry veneer. In addition, the entire exposed side of any residential building situated on a corner Lot will be all masonry or masonry veneer. In computing the required masonry percentage, window and door openings surrounded by masonry shall be counted as masonry and windows and door openings not surrounded by masonry shall not be counted as masonry. Notwithstanding the foregoing, the ARC is empowered to waive this restriction if, in its sole discretion, such waiver is advisable in order to accommodate a unique or advanced building concept, design or material, and the resulting structure will not detract from the general appearance of the neighborhood. Wall materials used on all Lots shall be restricted to those types and colors approved by the ARC.

Masonry or masonry veneer includes stucco, ceramic tile, clay, brick, rock and all other material commonly referred to in Bexar County, Texas as masonry but shall exclude any product, regardless of composition, which is manufactured to have a wood or non-masonry appearance.

Absent the express written consent of the ARC, all siding shall be horizontal, lapped, and shall be wood, "Hardy Board", or other material approved in writing by the ARC. Aluminum siding shall not be allowed.

Roofing shall be either slate, tile, non-reflective metal, or architectural series quality dimensional composition shingles having a nominal 25-year warranty or more, and shall be of a weight and color approved by the ARC.

All fireplace flues and smoke stacks shall be enclosed and concealed from public view in finished, hooded, chimneys constructed of the same masonry as the exterior walls of the dwelling.

ARTICLE VIII

FENCES

No fence or wall shall be built or maintained forward of the front wall line of the main structure nor any hedge planted or maintained forward of the front setback line, not including decorative walls or fences which are part of the architectural design of the main structure, and which are not to be built or maintained nearer than the building setback line of any Lot unless otherwise approved in writing by the ARC. With the sole exception of the perimeter wall or fence adjacent to Evans Road described in Article XXIII, below (along the rear lot lines of Lots 2-6, Block 6), all fences or walls located on a Lot will be maintained at the expense of the Owner of such Lot. Unless otherwise approved by the

ARC, all fences (except those installed by Declarant) shall be solid one inch by six inch (1" X 6") vertical picket wooden fences not to exceed six feet (6') in height. In order to present the best appearance to public view, the "rail" side of all fences shall be exposed to the interior of the Lot.

The ARC is empowered to waive the aforesaid composition requirements for fences and the aforesaid height or setback limitation in connection with retaining walls and decorative walls if, in its sole discretion, such waiver is advisable in order to accommodate a unique, attractive or advanced building concept, design or material, and the resulting fence, decorative wall and/or retaining wall (whichever is applicable) will not detract from the general appearance of the neighborhood.

No fence, wall or hedge or shrub planting which obstructs sight lines shall be placed or permitted to remain on any corner Lot within the triangular area as formed by the extension of property lines and a line connecting them at points twenty-five feet (25') from the intersection of the property lines, or in the case of a rounded property corner, from the intersection of the property line extended. No structures or landscape material over three and one-half feet (3-1/2') tall shall be allowed in this inscribed triangle. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

ARTICLE IX

DRIVEWAYS AND SIDEWALKS

All sidewalks placed within the street right of way shall conform to City of San Antonio and Architectural Control Committee specifications and ordinances with regard to materials, location, width, and finish. All driveways and sidewalks must be constructed of concrete, stamped concrete, or brick pavers. Asphalt and gravel driveways and sidewalks are specifically prohibited. Location of driveways and sidewalks must be shown on the site plan submitted to the ARC for approval and any variations as to location, design, or surface must be approved in writing by the ARC.

ARTICLE X

TEMPORARY STRUCTURES

No structure of a temporary character (sales structure, trailer, tent, shack, garage, barn or other outbuildings) shall be used on any Lot at any time for storage or as a residence, either temporarily or permanently. No prefabricated dwelling or building previously constructed elsewhere may be placed or maintained on any Lot. No modular

or mobile home, whether or not the wheels have been removed, may be placed or maintained on any Lot. No structures of a temporary character may be placed within the Properties unless and until approved by the Architectural Review Committee, which approval may be denied in the sole and absolute discretion of the Architectural Control Committee.

ARTICLE XI

SIGNS

No signs, banners, or pennants of any kind shall be displayed to the public view on any single-family residential Lot except one (1) professional sign of not more than six (6) square feet advertising the property for sale or rent. Signs used by the Declarant or original home builder(s) to advertise the property during the construction and sales period shall be permitted, if approved as to design and location by the ARC. Signs advertising subcontractors or suppliers are specifically prohibited. The sign may state only the name and phone number of the seller and/or their agent. Signs indicating that property is distressed or referencing foreclosure or bankruptcy are specifically prohibited. Political signs may be erected upon a Lot by the Owner of such Lot advocating the election of one or more political candidates or the sponsorship of a political party, issue or proposal provided that such signs shall not be erected more than 30 days in advance of the election to which they pertain and are removed within 5 days after the election. To the fullest extent allowed by law, the ARC shall have control over all signage on all signs. Except for signs advertising a Lot for sale and adhering to the standards of this Article, all signs within the Properties shall be subject to the prior written approval of the ARC.

ARTICLE XII

All yards and lawns shall be kept neat and well maintained and all grass, weeds, and vegetation on each Lot shall be kept mowed at regular intervals. Trees, shrubs, vines and plants which die shall be promptly removed from each Lot and replacements of equal quality or value promptly installed. Lawns must be properly maintained (not to exceed six inches (6") in height) and fences must be repaired and maintained and no objectionable or unsightly usage of Lots will be permitted. Building materials shall not be stored on any Lot, and any excess materials not needed for construction and any building refuse shall promptly be removed from each Lot.

Until a home or residence is built on a Lot, Declarant may, at its option, have the grass, weeds and vegetation cut when and as often as the same is necessary in its judgment, and have dead trees, shrubs and plants removed therefrom. Declarant may also, at its option, remove any excess building materials or building refuse situated on a Lot in violation of

this covenant. The Owner of any Lot shall be obligated to reimburse Declarant for the cost of such maintenance or removal upon demand.

ARTICLE XIII

LANDSCAPING

In connection with the initial construction of a residence, each Owner will furnish the ARC a detailed landscaping plan prepared by a professional landscape firm/designer. The elements proposed in the plan must be of a scope and quality consistent with the neighborhood. Any proposed departures from typical landscape schemes (i.e., xeriscapes, rock ground cover, etc.) must be approved by the ARC prior to design and installation. The ARC shall be the sole judge as to the adequacy and appropriateness of the landscape plan.

Installation of sod or a substitute treatment approved by the ARC on lawn areas must be accomplished with completion of the house unless prohibited by watering restrictions or unfavorable planting conditions, in which case installation must take place immediately upon relief from those restrictions/conditions. Other elements of the landscape plan must be installed within sixty (60) days of completion of the house except as altered by the restrictions/conditions mentioned above.

Grass and other vegetation on each Lot shall be kept mowed and trimmed at regular intervals to present a neat and well maintained appearance. Trees, shrubs, vines and plants shall be properly maintained and any which die, and weeds or other unsightly vegetation or conditions, shall be promptly removed from each Lot.

The above restriction on parking is not intended to prohibit temporary parking that is reasonably necessary for loading and unloading personal items. However, under no circumstances may such vehicles be "temporarily" parked in view of any other Lot or dwelling more frequently than four (4) times during any calendar month or for more than twenty-four (24) consecutive hours. No dismantling or assembling of an auto, trailer, any truck or any other machinery or equipment shall be permitted in any driveway or yard adjacent to a street. The ARC, as designated in this Declaration, shall

have the absolute authority to determine from time to time whether a vehicle and/or accessory is operable and adequately screened from public view. Upon an adverse determination by said ARC, the vehicle and/or accessory shall be removed and/or otherwise brought into compliance with this paragraph.

All matter set forth in this Article requiring approval shall require the express, advance, written approval of the ARC.

BUILDING SETBACKS

No building shall be located on any Lot nearer than thirty (30) feet from the front Lot line or nearer than ten (10) feet to any side street line, except that no "side-entry" garage shall be located nearer than twenty-six (26) feet to any side street line. No building, except for a detached garage or other outbuilding permitted by these covenants, shall be located nearer than ten (10) feet to any interior side Lot line. No dwelling shall be located on any Lot nearer than thirty (30) feet to the rear Lot line, except dwelling on Lots fronting on cul-de-sac streets, eyebrow, elbows, or other unusually shaped Lots which may be twenty (20) feet from the rear Lot line when a mean horizontal distance of thirty (30) feet or more is maintained from the rear line. A detached garage or outbuilding permitted by these covenants may be erected no nearer than five (5) feet to any interior Lot line or rear Lot line, provided that such building will not encroach upon any easement. For the purpose of this Article, eaves, steps, and open porches shall not be considered as part of a building, provided, however, that this shall not be construed to permit any portion of a building on a Lot to encroach upon another Lot.

The ARC is hereby given authority to waive or vary given setback requirements where, in the opinion of the ARC, the proposed location of the building will not detract from the appearance and value of the subject property or the adjoining properties. However, in no case will a waiver or variance be granted that would allow a structure to be constructed nearer than twenty-five (25) feet to a front Lot line.

ARTICLE XXIX

LOT CONSOLIDATION

Any owner owning two (2) or more adjoining Lots or portions of two or more such Lots may, with the prior approval of the ARC, consolidate such Lots or portions thereof into a single building site for the purpose of constructing one (1) residence and such other improvement as are permitted herein, provided, however, that no such building site shall contain less than 20,000 square feet of land and that the Lot resulting from such consolidation shall bear, and the Owner thereof shall be responsible for, all assessments theretofore applicable to the Lots which are consolidated and each such building site shall meet all lawful requirements of any applicable statute, ordinance or regulation.

ARTICLE XXX

ENFORCEMENT

If the Owner of any Lot, or its heirs, executors, administrators, successors, assigns or tenants, shall violate or attempt to violate any of the restrictions and covenants set forth in this Declaration, it shall be lawful for the Association, Declarant, or any Owner subject to this Declaration, to prosecute any proceedings against the person or persons violating or attempting to violate any such restrictions and covenants. The failure of any Owner or tenant to comply with any restriction or covenant will result in irreparable damage to Declarant and other Owners of Lots in the Subdivision; thus the breach of any provision of this Declaration may not only give rise to an action for damages at law, but also may be enjoined or may be subject to an action for specific performance in equity in any court of competent jurisdiction. In the event an action is instituted to enforce the terms hereof or prohibit violations hereof, and the party bringing such action prevails, then in addition to any other remedy herein provided or provided by law, such party shall be entitled to recover court costs and reasonable attorney's fees. The Architectural Review Committee, Association, and/or Declarant shall not be charged with any affirmative duty to police, control or enforce the terms of this Declaration and these duties shall be born by and be the responsibility of Lot Owners.

ARTICLE XXXI

SECURITY AND ENTRY GATE

Streets within the Subdivision shall be private and shall be owned and maintained by the Association. Access to the Subdivision will be via a controlled entry gate. Except as herein provided, the Association may make rules governing access to the Subdivision and the use (including parking) of Subdivision streets, but no such rule shall deny any Owner access to his Lot.

Absent Declarant's written consent to the contrary, the Subdivision entry gate, when constructed, shall be kept open to the public during daylight hours (or from 6:30 a.m. to 7:00 p.m., whichever is longer) until three months following the conveyance of the last Lot owned by Declarant within the Subdivision and future phases of development annexed to the jurisdiction of the Association. This right of entry is to ensure access to Lots by prospective new home purchasers and builders to complete construction of homes.

Security may be provided by the Association, from time to time; however, the Association is not now a provider of security, and the Owners must provide their own security for their home and property.

ARTICLE XXXII

ATHLETIC FACILITIES

Tennis-court lighting and fencing shall be allowed only with the written approval of the ARC. Basketball goals, or backboards, or any other similar sporting equipment of either a permanent or temporary nature shall not be placed within twenty feet (20') from the front property line of any Lot or the side Lot lines of corner Lots in the Subdivision without the prior written consent of the ARC.

ARTICLE XXXIII

MEMBERSHIP IN THE ASSOCIATION

Every person or entity who is a record Owner of a free or undivided interest in any Lot which is subject to the jurisdiction of and to assessment by the Association shall be a member of the Association, provided, however, that any person or entity holding an interest in any such Lot or Lots merely as security for the performance of an obligation, shall not be a member.

ARTICLE XXXIV

VOTING RIGHTS

The Association shall have two classes of voting membership.

Class A. Class A Members shall be all those owners as defined in Article XXXIII above with the exception of Declarant. Class A members shall be entitled to one vote for each Lot in which they hold the interest required for membership by Article XXIII. When more than one person holds such interest or interests in any Lot, all such persons shall be members, and the vote for such Lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any such Lot.

Class B. The Class B Member shall be Declarant. The Class B Member shall be entitled to two votes for each Lot in which it holds the interest required by Article XXXIII above, provided that the Class B membership shall cease and become converted to Class A membership on the happening of the following events, whichever occurs earlier:

(a) when the total votes outstanding in Class A membership equal the total votes outstanding in the Class B membership; or

(b) January 1, 2020.

From and after the happening of these events, whichever occurs earlier, the Class B member shall be deemed to be a Class A member entitled to one vote for each Lot in which it holds the interest required for membership.

All voting rights of an Owner may be suspended by the Board of Directors during any period in which such Owner is delinquent in the payment of any assessment duly established pursuant to Article XXXV hereof or is otherwise in default thereunder or under the Bylaws or Rules and Regulations of the Association.

ARTICLE XXXV

COVENANTS FOR MAINTENANCE ASSESSMENTS

Declarant, for each Lot owned by it within the Properties, hereby covenants, and each Owner of a Lot, by acceptance of a deed thereto, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to covenant and agree to pay to the Association: (1) annual assessments or charges and (2) special assessments for capital improvements, such assessments to be fixed, established, and collected from time to time as hereinafter provided. The annual and special assessments, together with such interest thereon and cost of collection thereof as are hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with such interest thereon and cost of collection thereof as hereinafter provided, shall also be the personal obligation of the person who was the Owner of such property at the time the obligation accrued.

The assessments levied by the Association shall be use for the purpose of promoting the recreation, health, safety and welfare of the Members, and in particular, for the improvement, maintenance and operation of the properties, services and facilities devoted to this purpose and related to the use and enjoyment of the properties by the members.

The annual assessments for both improved and unimproved Lots shall be determined by the Board of Directors in the manner provided for herein after determination of current maintenance costs and anticipated needs of the Association during the year for which the assessment is being made. The annual assessments for unimproved Lots owned by Declarant shall be one-half (1/2) the annual assessments for improved Lots. A Lot shall be deemed to be an "improved Lot" when conveyed by Declarant, whether or not a Living Unit thereon has been completed. All Lots owned by Declarant shall be "unimproved Lots." Until January 1, 2002, the annual assessment for improved Lots shall not exceed \$400.00. From and after January 1, 2002, the maximum annual assessment which may be imposed by the Board of Directors, without membership vote, shall be an amount equal to ten percent (10%) above the prior year's annual assessment.

In addition to the annual assessments provided for above, the Association may levy, in any assessment year, a Special Assessment on improved Lots only, applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement on or which is a part of the Common Facilities, or for such other lawful purpose related to the use of the Properties as the Board of Directors or the Owners may determine, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of the improved Lot owners who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all improved Lot owners at least thirty (30) days in advance and shall set forth the purpose of the meeting.

Subject to the limitations stated above, the annual assessment may be adjusted by majority vote of the Board of Directors but shall not be increased by more than ten percent (10%) above that of a previous year without vote of the membership. Any increase in the annual assessment of more than ten percent (10%) above that of the previous year shall require approval of two-thirds (2/3) vote of each class of Members voting at a meeting duly called for that purpose.

The quorum required for any action authorized herein above shall be as follows: Written notice of any meeting called for the purpose of taking any action authorized herein shall be sent to all members, or delivered to their residences, not less than thirty (30) days in advance of the meeting. At the first meeting called as provided above, the presence at the meeting of Members or of proxies entitled to cast twenty percent (20%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirements set forth above, and the required quorum at any such subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting, provided that such reduced quorum requirement shall not be applicable to any such subsequent meeting held more than sixty (60) days following the preceding meeting. The Association may call as many subsequent meetings as may be required to achieve a quorum. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

The annual assessments provided for herein shall commence on the first day of the month following the first Lot conveyance by Declarant, or such other date as the Board of Directors shall direct. The assessments for each calendar year shall become due and payable and shall be collected as the Board of Directors of the Association shall determine. The amount of the annual assessment shall be an amount which bears the same relationship to the annual assessment provided for above as the remaining number of months in that year bear to twelve. When a Lot becomes an improved Lot, there shall be payable as of the first day of the month following the month when it becomes an improved Lot a sum equal to the difference between the annual assessment of unimproved Lots and the annual assessment for improved Lots, prorated over the balance of

the year then remaining. The due date of any special assessment under the provisions hereof shall be fixed in the resolution authorizing such assessment.

In December of each year, the Board of Directors of the Association shall fix the amount of the annual assessment against each Lot for the following year and shall at that time prepare a roster of the Lots and assessments applicable thereto which shall be kept in the office of the Association and shall be open to inspection by any Owner on reasonable notice. Written notice of the assessment shall thereupon be sent to every Owner subject thereto. The Association shall upon demand at any time furnish to any Owner liable for said assessment a certificate in writing, signed by an officer of the Association, setting forth whether said assessment has been paid. Such certificate shall be conclusive evidence of payment of any assessment there in stated to have been paid.

Effect of Non-Payment of Assessments: The Lien: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at a rate of twelve (12) percent per annum. Upon written notice to an Owner, and the expiration of thirty (30) days, the Association may bring an action at law against the Owner personally obligated to pay the same, and to foreclose the Association's lien against the Owner's Lot. Each Owner, by his acceptance of a deed to a Lot, hereby expressly vests in the Association, or its agents, the right and power to bring all actions against such Owner personally for the collection of such charges as a debt and to enforce the aforesaid lien by all methods available for the enforcement of such liens, including non-judicial or judicial foreclosure by an action brought in the name of the Association, the power of sale in connection with said lien. The lien provided for in this section shall be in favor of the Association and shall be for the benefit of all other Lot Owners. No Owner shall be freed of liability for any assessments provided for herein by virtue of non-use of any Common Area or the non-existence of any Common Area.

In addition to the foregoing charges for delinquent accounts, each owner shall be obligated to pay to the Association all actual costs of collection incurred by the Association and such reasonable late charges and collection charges as the Board of Directors may establish, all of which shall also be subject to the liens of the Association.

Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any mortgage or mortgages now or hereafter placed upon the Lots subject to assessment, provided, however, that such subordination shall apply only to the assessments which have become due and payable prior to the sale or transfer of such Lot pursuant to a decree of foreclosure, non-judicial foreclosure, or conveyance in lieu of foreclosure or in satisfaction of mortgage debt. Such sale or transfer shall not relieve such Lot from liability for any assessments thereafter becoming due nor from the lien of any such subsequent assessment.

Exempt Property. The charges and liens created herein shall apply only to the Lots, and the remainder of the Properties shall not be subject thereto.

ARTICLE XXXVI

The Board, on behalf of the Association, shall have full power and authority to contract with any Owner or other person or entity for the performance by the Association of services which the Board is not otherwise required to perform pursuant to the terms hereof, such contracts to be upon such terms and conditions and for such consideration as the Board may deem proper, advisable and in the best interest of the Association.

The Association shall own all Common Areas in fee simple and assume all maintenance obligations with respect to any Common Areas which may be hereafter established. Nothing contained herein shall create an obligation on the part of Declarant to establish any Common Area.

From and after the date on which title to any Common Area vests in the Association, the Association shall purchase and carry a general comprehensive public liability insurance policy for the benefit of the Association and its members, covering occurrences on the Common Areas. The policy limits shall be determined by the Board of Directors of the Association. The Association shall use its best efforts to see that such policy shall contain, if available, cross-liability endorsements or other appropriate provisions for the benefit of members, Directors and the management company retained by the Association (if any), insuring each other against liability to each other insured as well as third parties. ARTICLE XXXVIII

This Declaration may be amended by written instrument executed by the Owners of two-thirds (2/3rds) or more of the Lots and filed of record in the Official Public Records of Real Property of Bexar

County, Texas, provided that if Declarant is a Member, no amendment prior to December 31, 2005, shall be effective until approved and executed by Declarant. Notwithstanding the foregoing, Declarant shall have the right to file an amendment to this Declaration, without the necessity of joinder by any other Owner of Lots, or any interest therein, for the limited purposes of correcting a clerical error, clarifying an ambiguity, removing any contradiction in the terms hereof, or for the purpose of making such additions or amendments hereto as may be required by FHA, HUD or VA to qualify the Properties for mortgage guaranties issued by FHA and/or VA.

references are made for the benefit of builders and contractors and do not in any way limit the terms and requirements of this covenant and the requirement that all builders and contractors comply with all governmental regulations, and any plan required by such regulations such as a Storm Water Pollution Plan, affecting each Lot and construction site with which they are associated, including delivery to Declarant of a certification of understanding relating to any applicable NPDES permit prior to the start of construction.
