

Shawnee - A Community on the Move!

Does it seem like a dollar doesn't buy much anymore?

Then GROW your money!

A membership in the Shawnee Neighborhood Association can be yours for less than \$2 a month!!! For the price of about two cups of coffee a month, your membership dues are an investment in your community.

Benefits of Membership

- Clout. A bigger, louder, collective voice gets attention—from the Mayor's office on down. Think of Old Louisville!
- Crime reduction. By networking the local Neighborhood Watches, LMPD, and Weed & Seed efforts under the Shawnee Neighborhood Association umbrella, crime will begin to decline as resident pride continues to increase.
- Economic improvement. As crime goes down, more attractive investments will be made in the area, bringing employment and a higher standard of living.
- A sense of community. There a number of committees to participate in that will benefit the community. By choosing something you enjoy, you won't get that "burned out" feeling.
