

# Petition to Save Homes and Trees on Park Rd., Protect the Edge of Sedgefield and Provide for Pedestrian Safety

*We oppose the proposed construction of a sidewalk on the Sedgefield-side of Park Rd. between Poindexter Dr. and Sunset Dr.*

- The project is unnecessary, destructive, and will not add to public safety.
  - It is preferable to direct pedestrians to cross Park Rd. at intersections with lights.
  - Adding foot traffic on both sides does not aid safety, but increases hazards to pedestrians and to cars entering and exiting driveways on this busy road.
  - The project will substantially devalue homes on Park and affect values of Sedgefield properties in adjacent streets
- The project will cause the loss of most of the tree canopy along the road, ruining the esthetic beauty of the road.
  - Foot traffic along this section is minimal and the project is opposed by local residents who are the most frequent pedestrians in the area.
  - There are much higher priority needs in other areas for sidewalks.
