January/February 2009 Issue 1

The Switch To Digital Television

After February 17, 2009, television stations nationwide will end their analog broadcast and begin broadcasting only in a digital format. Digital television, or DTV, is an innovative technology that delivers crystal-clear pictures and sound, more channels and even free over-the-air high-definition television (HDTV) to consumers with HD television sets.

Households that receive broadcast TV through antennas will lose reception and must upgrade to a digital format in order to receive a digital signal. The District 11 office has informational brochures about how to make the switch to DTV. **The brochures also have information on getting coupons for a DTV converter box. If you would like a brochure mailed to you, call the District 11 office at 574-1111.**

Four Season Neighborhood Association Member

It is that time of year again to renew your membership in the Four Seasons Neighborhood Association. You will be receiving a mailer showing the benefits of being a member, the accomplishments the Neighborhood Association made in 2008 and the goals that are planned for 2009. Not only does Four Seasons need your \$25 membership check to grow and improve our neighborhood, but it also helps make us a progressive and safer place to live.

Neighborhood Safety Concern

Over a several week period, many people in Four Seasons, Breckenridge Estates and Ridgehurst Place have been approached by a middle-aged man in a late-model white Ford stepside pick-up truck. His story is usually the same; he has to get back to his home in Shelbyville and is begging for gas money. He has approached people walking, while they are stopped in their cars and now he is seeking people out by going to their homes and asking for money.

Our recommendation is to avoid this man, try to get his license plate number and call MetroCall at 311.

Also... a neighbor noticed a boy in his late teens peering in someone else's mailbox. Just a reminder, identity theft is rampant, it is recommended that mail be brought in as soon as possible after delivery.
