Fax: (810)- 231- 6868

Dear Valued Recycle Customer;

This letter is in regards to our recycling program

Due to major changes in the way recyclable products are processed, and the customers request for every week recycling, we are going to Recycle Bins starting now, And every week pick up starting June 1st, 2009.

As of now we will no longer be selling the plastic Recycle bags for pick up. We are asking for our customers to purchase their own bin. You do not have to have a blue recycle bin; it may be any form of a plastic bin as long as it is under 23 gallon size. The Recycle service will be free of charge from this point on.

We will be selling 18 gallon Recycle Bins through our company at a cost of \$11.00 a piece for our customers; these will be available for purchase on June 1st.

If you still have Recycle bags left you may continue to use them, but you must separate your products in the bags, metal & tin in one, all paper products in another, and plastics together as well.

We apologize for any inconvenience this may cause you, but in order to still provide you with the best Recycle service possible we must make these changes. We have included revised recycle guidelines as well.

Thanks again,
Monroe's Rubbish Removal, INC.
Don Monroe (Owner) & Staff
