Please send this out to all your lists..... ACTION NEEDED!!! Tuesday Nov. 24, 2009

The low income residents of the Coronado Hotel, 9th Street/4th Avenue (across from the Shanty on 4th Ave. near railroad tunnel) could get kicked out of low income housing if the hotel is sold to developers, i.e., insiders who care more about a fast buck than real city planning and diversified neighborhoods downtown. This is a great chance for us to speak up at the City Council meeting and really make a difference in the lives and growth of our Tucson. Let's put PEOPLE BEFORE PROFITS!!!

Watch the video and hope to see you Tuesday!
