

Beautification Committee

Beautification Committee 2009 Year in Review

Chair: Marilyn Hanson

- Started weekly watering of all new plantings in May 2009.
- Spread mulch around all trees and crapees for a better mow strip and to keep moisture in. Tom Luza's Tree Service donated the mulch.
- Continued daily pick-up of trash in park until weather did not permit.
- Weekly watering continued until September 2009, unless we had over 1" of rain.
- Thanks you to all those who helped and supported this two year beautification of Mayfair.
 - Beverly Liticker -Thomas Fivecoat -Dustin & Sarah Cornell
 - Kodi Herman (we miss her) -Debbie Shaffer -Kathleen Ryan
- We also appreciate Emily Schwab and Troy Thomas for letting us use the water from their house to take care of the trees and crapees in their area of the park.
- In December, I contacted the Tree Bank Foundation to see if they could use the tree gators and donut irrigation bags, as these are quite expensive. They were grateful to receive them.
- I have renewed our adoption of the park 2010 with OKC Beautiful.
- Mike Roach has taken down the cannas. We will continue to maintain the South canna bed and the smaller area around the North sign.
- I am trying to get some lighting in the park. Beverly Liticker's grandson works for OG&E and is helping on this project.

Beautification is always an ongoing project but the hard part is finished. Now we must maintain to keep it beautiful for our neighborhood.
