General Map of RTC-TH Thailand Volunteer Trip, Winter 2007.

5.1 TENTATIVE DETAILED ITINERARY: (Subject to changes due to last minute weather and site conditions.) Some flexibility is required especially due to road conditions that may adversely affect scheduling and preclude visiting certain sites. Please look over this detailed itinerary in order to better prepare yourself for the pacing of the travel. Some days involve longer drives and long periods of inactivity. Other days involve more stops and physical activity. Some days are long and we check-in to the hotel after dinner. Consider these factors when preparing your Day Pack.
