poor

average

expert

MS:PowerPoint presentation:

Setup laptop & projector:

Background / Experience in Public Speaking – Please provide me with some background information about your prior public speaking skills. For example, "Did you take a prior course in effective presentation?", "Have you been a member of Toastmasters?", "Do you become nervous when you think of speaking before a group?". What do you hope to be able to accomplish as a result of your active participation in the seminar?

Story Outline / "Talking Points" about "Being A Neighbor" – Please provide a brief description of a "Short Story" about some aspect of and/or a story about your neighborhood where "neighborliness and/or community" played a role. A first-person story that allows you to express your passion for your neighborhood will best help you develop your presentation and public speaking skills. The full edition and telling of the story can be developed and documented during the conduct of the seminar and at a later date.
