Old Business:

Update: "Field Day 2010: "Dawn til Dusk or Bust!" June 26.....Frank Bigelow, KG6TQV

New Business:

Using the GERC Website.....Mark Hayden, N7YLA

New features on the GERC website www.neighborhoodlink.com/org/gerc will be presented, making our site "one stop shopping" for all your ham radio emergency communications and preparedness needs.

"Jamboree Memories"Photos taken by KG6TQT, W8LH and N7YLA at 2010 Jamboree

Fifty-six Scouts earned their "First Contact" awards for talking with other amateur radio stations during the BSA Council Centennial Jamboree on Saturday, May 22, 2010 at Bonelli Regional Park in San Dimas, CA. Conducting a "GOTA" or "Get On The Air" special event, fourteen amateur radio operators from the *Glendora Emergency Response Communications* group (GERC) set up their radio stations under a huge parachute shelter.

"Electronic Armageddon" -National Geographic Explorer film clip

We will look at a short preview of the program and encourage all hams to view the TV program at 10:00 pm tonight on the National Geographic Channel. What do future presidents need to know about existential dangers this country could face? Explorer investigates the science behind the dangers of a high-altitude electromagnetic pulse, or HEMP. Picture an instantaneous deathblow to the vital engines that power our society, delivered by a nuclear weapon designed not to kill humans but to attack electronics. What could happen if an electromagnetic pulse surged to earth, crippling every aspect of modern society's infrastructure?
