

FiOS WORRY-FREE GUARANTEE

Share Print

No Term Contract

No term contract is required on Verizon FiOS bundles. You get our great bundle rates without a long-term commitment.

Premium Installation

Flexible dates & times to fit your schedule

When you place your order online, you'll automatically be assigned the first available installation date. If a particular date and time slot works best for you, however, just let us know, and we'll do our best to accommodate your request.

24/7 technical support

We are available 24/7 with technical support options that work for you. By phone, at myverizon.com, and through our exclusive In-Home Agent tool right from your PC or TV.

Home network setup & demonstration

Our standard installation includes the setup of your fiber optic connection and wireless home network, connection of up to 3 TVs and 1 computer, and an in-home demonstration of FiOS services. We'll setup additional TVs or PCs based on your order.

Follow-up Satisfaction Call

Complimentary account check up

We follow up after your installation to make sure all is working to your satisfaction.

*"FiOS is hands-down
the best offering
available in market."*

Dan Rayburn, Frost & Sullivan, June 2009

Unlimited local, regional & nationwide long distance residential calling
Home Voice Mail, Caller ID and more
Crystal clear voice quality

**FTTP Premises Access License
Rembrandt**

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned Licensor hereby grants unto VERIZON California INC. ("Verizon"), having an address at 2535 W. Hillcrest Drive, Newbury Park, CA 91360, its successors and assigns, the right, privilege and authority to deliver all services that the facilities can support including voice, data and video services ("Services"), and to access, construct, reconstruct, relocate, replace, operate, repair, maintain and at its discretion remove the following facilities ("Facilities"):

Fiber optic network facilities, including but not limited to: Fiber optic cables, drops, jumpers, splice enclosures, distribution hubs and distribution terminals, optical network terminals ("ONTs"), power supply units, battery backup units, inner ducts, wall plates, conduits, and copper cables and wires, coaxial cables and wires, jacks, interconnection devices, interface modules, optical network equipment cabinets, and associated equipment and facilities upon, over, under and along the land which Licensor owns (or in which Licensor has an interest or control and is authorized to enter into this Premises Access License ("License"), located at address Breman Court, City Temecula, State Ca, Zip 92596 the "Property"). No work shall commence with out the approval of the fiber upgrade design by the licensor which approval shall not be unreasonably withheld and or condition.

Licensor hereby grants Verizon the right to interconnect with and use any existing wiring that Licensor owns or controls to provide Services to Property and to provide Verizon with electrical power for the ONTs. Licensor represents and warrants that Licensor has the authority to enter into this License and that nothing in this License conflicts with any other legal obligation to which it is bound, and that it is not a party to any agreement with any third party that gives that third party the exclusive right to provide Service to the property or exclusive access to or exclusive use of any wiring which may be used for the provision of Service. Licensor agrees that it shall not during the term of this License, enter into a bulk services or exclusive marketing agreement with any third party that (i) confers upon that third party the exclusive right to provide or market Services to the property ; or (ii) would otherwise limit Verizon's rights under this License. In the event Licensor already has at the time of this License an existing third party bulk services or marketing agreement and that agreement expires or is otherwise terminated during the Term, Licensor shall not re-enter into such an agreement with such third party during the term of this License or approach any Verizon competitor about such an arrangement without first providing Verizon the opportunity to submit a proposal for bulk and/or marketing services.

It is understood that Verizon owns all facilities that it installs. All work performed by Verizon shall be performed in a good and workmanlike manner and any damage to the property caused thereby shall be corrected by Verizon. Verizon shall hold harmless and indemnify Licensor from physical injury to Licensor's Property, its employees or the public which may occur at any time through the negligence of Verizon.

Licensor understands that Verizon's ability to furnish services to Property is contingent upon Licensor allowing Verizon to maintain its fiber optic network Facilities on the property. However, at any time after the tenth (10th) anniversary of the date of this License, Licensor may, upon one hundred twenty (120) days' prior written notice to Verizon, terminate this License. However, Verizon shall have the right to continue to access, maintain and operate the Facilities to provide Services to customers receiving such Services at the conclusion of any Term.

Licensor hereby grants Verizon the right to market the Services to residents on the property.

This License is binding upon and shall inure to the benefit of the parties and their respective successors and assigns.

In witness whereof, the undersigned has duly executed this License as of _____, 2010
