Dear Vinings Friends and Neighbors,

We believe that Historic Vinings, one of Metro Atlanta's most unique residential areas, is a classic example of what can be done to preserve openness and spaciousness in the very midst of urbanization. It is because of the distinctive quality of our community, that we constantly strive to defend and maintain its special ambience.

Those, who have been long-standing members of **The Vinings Homeowners Association**, are aware of its history and purpose to:

“serve the Citizens of the Vinings Community in all matters relative to the preservation and enhancement, of the quality of life or environment.”
