### Safety Reminder

- Think safety

Homeowners are being victimized every day at an ever-increasing rate. No one is immune. The time has come when citizens can no longer leave their responsibility for the reduction of crime to others.

Burglary is a crime of opportunity, committed by criminals who capitalize on carelessness or neglect. Most home burglaries are not committed by professionals who have planned to commit a burglary. Most are committed by amateurs, who find an open or unlocked door or window, or drug abusers that take advantage of a home's weak defenses.

To combat the increase in crime in today's society, the police need the eyes and ears of citizens like you. To help the police protect your property from criminals you must get involved.

There is Neighborhood Watch signs all around but who is watching?
