Message from President William Kennebrew

I hope you are enjoying the spring weather that we have had from time to time. Please pay attention to the weather announcements and take the necessary precautions during the stormy weather.

Last week I attended the realignment meeting regarding balancing out the workloads in each zone throughout the city. Currently, Zone four has 11 beats, but will increase to 14 beats according to Chief George Turner. He stated that this change will result in more police presence within our community. I believe that we finally have a Police Chief who has a genuine concern for our community and the safety of its citizens. The Chief meets with citizens, no matter how large or small the crowd. I think that this is a good indication of his commitment to safety of the citizens of the City of Atlanta.

Please join me and our Public Safety Committee, chaired by Mr. Jerry Martin, in welcoming the opportunity to work closely with our Zone 4 Commander, Major Rodney Bryant to ensure that we have one of the safest communities in the city.

Next meeting: Monday, April 11, 2011 at 7 p.m.

OLDER ALANTANS MONTH kick-off celebration
Senior Fair - May 2, 2011; 11 am - 3 pm at Atlanta City Hall.

Condolences

Your Adamsville Recreation Center is available for you! The Center offers a variety of opportunities for usage. There are exercise classes, dance classes, a computer lab, an Olympic sized swimming pool (used for regional swim meets), a gym, meeting space for community groups, facilities for small and large affairs. Visit the Center! Join the Advocates for Adamsville Recreation Center! Become an active member and take advantage of all that is offered.

It is not too late to submit your ideas for inclusion in the proposed Transportation Implementation Act (formerly called HB277). Our City streets need to be paved. Our bridges must be repaired. The city of Atlanta is an integral part of any regional transportation proposal. But unless you speak up, Atlanta's needs will be ignored.

All major roads in the area pass through or around Atlanta, therefore it is imperative that our city should be a recipient of additional transportation funds that will be generated from the proposed penny tax increase. We already pay an additional penny for MARTA and will have to pay another penny for the transportation plan. Under the current proposal, we will get almost nothing for the additional tax while other regional entities (except MARTA) benefit greatly from our increased financial contribution. Is that because we are Atlanta? Initially Atlanta was not even included as a member of the panel that will decide how that tax will be spent. Mayor Reed is now a member of that panel but he has only one vote. It is important that you forward your ideas for transportation needs and comments to the Mayor and your state legislators: Senator Horacena Tate - 404.577.5609; Representative Sheila Jones - 404.656.0323; Representative Roger Bruce - 404.656.0314 and Governor Nathan Deal - 404.656.1776.

Please continue to contact my office at 404-330-6055 or email me at CMartin@atlantaga.gov.

So will latex paint. Items not accepted: household appliances, consoles, projection televisions, vacuum cleaners and non-electronic equipment. **Waste will be accepted from residents only, so you must bring proof of residency.** For more information, call 404-330-6039 or on the web at Livethrive.org.

Plumbing / Bill Pay Assistance

Atlanta has a program to help low-income residents with plumbing repairs and bill payment assistance. The Care & Conserve Program has been in existence since 1995 and has helped more than 5,000 people. Care & Conserve is administered for the City by Southeast Energy Assistance, a non-profit utility assistance program. You can find out more about Care & Conserve, including how to donate by calling Southeast Energy Assistance at 404-885-1877.
