

Look – we think it’s **wonderful** that you create agendas for your neighborhood meetings.

We think it’s **awesome** that you actually take meeting minutes.

We’re **heartened to hear** that people in your neighborhood are eagerly anticipating the grand opening of another 600-foot section of bike path.

Or that **someone cares enough** to solicit comments on the recent liquor license application of the Scrubduck Grill & (hopefully) Bar.

There’s just one little thing you may not be aware of:

## **THE REST OF US COULD CARE LESS.**

So please. Before you click the **Citywide Document** checkbox, ask yourself “Does the rest of Tucson care?”

And if the honest answer is **No**, then leave the checkbox empty.

**Thank You.**

Yours truly,

Tucsonans at Neighborhoodlink.com that live way across on the other side of town.
