Who we are...

The Middle Village is comprised of a diverse spectrum of families and households. Our differences are what make us unique as a neighborhood in Oshkosh. What we have in common is what strengthens us – a shared interest in making Middle Village a great neighborhood to live in.

We are located....

The geographic area is generally bounded on the north by Irving Avenue, to the West by the East side of Jackson Street, to the South by Church Avenue, and to the East by the West side of Division Street.

Mission Statement...

The purpose of the Middle Village Neighborhood Association (MVNA) is to gather and organize residents for community-building, centered around issues relative to MVNA, to provide a communication toolset for neighbors to voice to local government and civic groups (and among each other), and to respectfully collaborate and empower measurable neighborhood improvement, in order to deliver a thriving area in which to live, play, and work.

Why should you join?

- Whether you rent or own your property, we all live and play here. We LIVE here. Let's work together to make it what we wish to see.
- National Data shows that the condition of your neighborhood impacts your health.
- Make good things happen for the neighborhood!
