

## Report Multiple Streetlight Problems

You may submit as many as ten (10) streetlights out using this form. If the outage presents a hazardous situation - such as broken glass or lens, the fixture is in danger of falling, the wires are exposed, the pole is damaged, leaning or knocked down - DO NOT complete this form.

Instead, call your FirstEnergy Contact Center 1-888-LIGHTSS (1-888-544-4877) immediately.
