

### The Leaning Tree of Lower Cativo Drive

The tree at the intersection of Cativo Drive and Peyton Woods Trail is no longer a potential hazard to our neighborhood. The neighbor at that location needed help with removing it so the community came together under the leadership of Jerry Martin and Jackye Rhodes to have it removed.

Several neighbors contributed to the removal effort. However, assistance is still needed. You may bring your donations to the meeting or forward any contributions to Jerry Martin or Jackye Rhodes. Thanks so much!

### Christmas Decorations (continued)

Each year we adorn our yards with white lights along the edges and red bows on the mailbox. We want to continue this tradition by doing this again this year. Please install your lights and bows by December 15, 2012 to light up the community for the holidays.

### Picture This!

You consistently park your car on the street. Suddenly, you get a ticket for parking there. Why? Answer—you are not supposed to park there. Please park your vehicles in your yards. As you park in your yard please remember that parking on the grass will also get you a ticket for a code violation. .

### Trash cans

The city of Atlanta requires that when you place your trash cans on the curb that you must do so using the following rule: out by 7 pm on Tuesday and in by 7 on Wednesday after trash has been pick up. Please adhere to this rule and help keep the neighborhood in compliance.

Some of you are leaving your trash receptacles on your curb well beyond the trash removal service day. Please help!
