Special Edition - March 2013

One of our neighbors on Bradford has reported that his car was stolen on Friday night February 28. Our HOA Manager reported the police ended up in a high speed pursuit in the wine country where the car was totaled. The police apprehended the guy and he was intoxicated. That same night another car on Bradford was also broken into between the hours of 8 – 10pm. Let's keep a close eye out and stay vigilant. . .

Check out the “**Avoid Vehicle Theft courtesy Temecula PD**” brochure and the new posts to the **Neighborhood Watch** page of our website at on our neighborhood website:
