#### President's Message

Christmas Greetings,

We are all aware that it is the time of year to give **special** thanks for our blessings. In the SLCW, our blessings are many. We have achieved much throughout the last one hundred years, first working together as clubs in the past and now as clubs and individuals providing *Community Service for Civic Improvement*; thus, change is no stranger to us. This year is no exception as we outlined our three-pronged financial service campaign back in April while daring to do some things differently. Change is one of the few constant features of human reality. To be honest, change is also one of our greatest fears. However, your president has found relationships forged in the midst of changes tend to be cherished above all others. Sometimes change is as uncomfortable as it is inevitable but necessary for for us to grow.

As an example, our new, used jewelry exchange has netted us \$810.00 YTD we would not have had without this innovation. Another addition, the used book sale shows great promise as it shoves off under the direction of Afton Sorensen. SLCW's attempt to reach out has culminated in several notable avenues of enhancing the services we strive to provide such as the Hall of Fame this year. Specific revenue donations designated by the giver to one or another of our charitable outreaches is popular with some of the members.

Speaking of the Hall of Fame, now is the time to finalize those nominations of deserving women and get them to the Hall of Fame Chairman, Past President Melanie Bowen. Save the date of Saturday Evening, February 23, 2012 to attend the Hall of Fame Honor Banquet.

Sincerely yours,  
Janet Geyser  
President 2012-2013

**From Mary Vasilacopulos  
about TV and Furniture Tipovers Threaten Kids**

**Flat-screen TVs are falling in price, which means that many will be buying them over the holidays, but new numbers are showing more kids than ever are being injured and even killed by falling TVs and other heavy furniture. NBC's Jeff Rossen from the Today Show reported on how you can keep your kids safe.**

- NEVER allow children to climb on or play on the television or the furniture on which the television is placed.
- NEVER place the television on furniture that can easily be used as steps, such as a chest of drawers.
- ALWAYS install the television where it cannot be pushed, pulled over or knocked down.
- ALWAYS route cords and cables connected to the television so that they cannot be tripped over, pulled or grabbed.
