April 20

9:30 a.m. to 11:00 a.m.

Your input is important to us!

Denver Parks and Recreation is hosting four public meetings collecting feedback from the community on a new policy surrounding the Outdoor Fee-Based groups who use Denver Parks as part of their business. The Outdoor Fee-Based Policy identifies guidelines to manage, permit and monitor commercial users in Denver parks. Working with a citizen Stakeholder group, staff developed recommended guidelines for the policy that will be presented at the public meetings. Items to be covered are proposed park locations, fitness zones, parameters for use, and prohibited use. Having a policy in place will allow our staff to improve our ability to manage park use for the enjoyment of all and protect this valuable community asset.

If you are unable to attend any of the meetings you may provide feedback via email to parksandrec@denvergov.org. Please place "outdoor fee based groups" in the subject line.
