We are having a guest speaker, Regina Rochez who will be speaking on behalf of the Maryland Port Administration. She will provide a presentation to our Association to increase understanding of Port operations and environmental stewardship efforts.

We will also be deciding on our 2013 community events and welcome new ideas that will unite our community. Your input is very important!

Are you recycling everything you can?

Our current area recycling rate is 37% , a grade of a "C" which is up 2% over 2011. Our community can do much better than that, we need 50% for an "A". Please take the 50/50 challenge, find out more by visiting: RecycleMoreOften.com
