ASK THIS:

What is the extra 75K in OTHER (year End 2013) stated in the Reserves?

How do they Track the Special Assessments Monies each year?

Are any Special Assessment monies being used for anything but the Fire Systems in the condos and the roofs?

Why did no money be put in the roofs last year?

Why do they always provide (mail out in Jan) a 9 or 10 month budget and expenses

"WHEN WE LIVE IN A WORLD THAT HAS A 12 MONTH YEAR"

What are they hiding?

And

Why do they make sure that no all the Documents are posted on the website for such things as Year End Minutes and expenses....

I know why..

They dont want you to know...
