### Brightside Community Wide Tree Planting Day!!

This Saturday, November 7th

*Every One Please Help Plant 1 Tree On W. Broadway!*

*Meet at Shawnee Library at 9 am on Saturday*

Brightside is hosting their **second annual Community-Wide Planting Day** and encourages all Louisvillians to get involved! As part of the festivities Brightside has partnered with the **Division of Community Forestry** to plant **150 canopy trees along West Broadway from 20th to 44th Streets**. With a project this large we are counting on volunteers to help accomplish it! They're going to need a lot of help from the community to get all those trees in the ground!

**Friday, November 6th is Brightside UPS Volunteer Planting Day!** We will be planting from **12:00PM until 4:00PM** from 20th Street to I-264 and will be utilizing volunteers from UPS and The Nature Conservancy! We will meeting in the parking lot between the McDonald's and Promised Land Missionary Baptist Church located at 801 South 28th Street at 11:45 A.M. Our hope is to plant at least 80 to 90 trees on Friday afternoon.

**Meet at the Shawnee Branch Library on Saturday, November 7th at 9:00 am!** We will coming back out to plant the remaining trees from **I-264 to 44th Street** utilizing community volunteers. **Help spread the word about these efforts** and, if you are available, join us for the plantings!

**Louisville has been experiencing poor air quality, areas of high heat concentrations, and polluted water; especially in areas where there is a lack of tree canopy.**

Brightside challenges and invites residents of Louisville to get out on **Saturday, November 7th** and **plant trees, flowers, and plants within the community**. We are encouraging everyone to plant in their own yard, neighborhood, at their school, church, or place of employment, or to join in the Brightside led planting project. We would love to hear what you have planned so be sure to register your planting project, sign up to volunteer for the Brightside planting, and/or check out the great resources we have on native plant species and local nurseries at [www.BrightsideInc.org./community-wide-planting-day](http://www.BrightsideInc.org/community-wide-planting-day)

For more information visit [BrightsideInc.org](http://BrightsideInc.org) or call (502) 574-2613

### MSD Public Meeting on the CSO 190 Green Infrastructure Project:

**Phase 1 in the Portland Neighborhood**  
**Western Middle School—2201 West Main Street**  
**Monday, November 9th at 6:00 pm**

The community is invited to attend a special "**Pardon Our Dust Meeting**" concerning the **CSO 190 Green Infrastructure Project: Phase 1** on Monday, November 9th at 6:00 pm at Western Middle School located at 2201 West Main Street.

This meeting will provide an opportunity for you to speak directly with the MSD Project Manager and contractors about the construction phase of the green infrastructure projects planned for your area. These green infrastructure projects will greatly lessen the occurrence of untreated sewage entering our local waterways during rain events.

If you are unable to attend, comments can be emailed to [commentsIOAP@msdlouky.org](mailto:commentsIOAP@msdlouky.org)

**MSD Public Meeting** on the Southwestern Parkway CSO Storage Basin in Shawnee Park

**The Academy @ Shawnee—4001 Herman Street**

**Thursday, November 12 at 6:30 pm**

The community is invited to attend a special **MSD Public Meeting** on **Thursday, November 12th at 6:30 pm** at The Academy @ Shawnee. This is the third in a series of public meetings concerning the Southwestern Parkway CSO (Combined Sewer Overflow) Storage Basin. This meeting will provide information concerning the conceptual design of the basin and location options. You will have an opportunity to provide input and comments regarding the project. The basin will greatly lessen the occurrence of combined sewer overflow— untreated sewage — entering our local waterways, and it will reduce flooding in the area during rain. Please attend so that your questions and concerns can be answered.

### **Pioneers of Desegregation and Forced Busing**

Looking Back at History 40 Years Ago  
Friday, November 13th at 7 pm  
Vincenzo's Restaurant—150 S. 5th Street

Please join the **"Pioneers of Desegregation and Forced Busing"** on the evening of **Friday, November 13, 2015 at 7PM** for a forum entitled: **"Looking Back at History 40 years ago....Desegregation and Busing in Louisville"** at **Vincenzo's Restaurant, 150 South Fifth Street**. **Tickets to the forum are \$35.**

Guests panelists and invited guests include **Mayor Dr. Harvey Sloane, State Senator Gerald Neal and Representative Darryl Owens, U of L History Professor and Author Dr. Tracy K'Meyer, KY Commission on Human Rights President John J. Johnson & the NAACP'S Raoul Cunningham**

While the 1975 busing and desegregation period was a very traumatic period for many, it was a cornerstone historical civil rights event which helped shaped Louisville and the state. Mayor Sloane was mayor of Louisville and his office placed the call to Governor Julian Carroll requesting support from the National Guard during the riots, marches and protests of 1975 during that very pivotal year.

According to the Atlantic Magazine April 2015 issue, Louisville is touted as the city which maintained integration through 40 years of busing. Louisville's school system is consistently compared favorably to other city school systems such as Detroit, Boston, and Charlotte-Mecklenburg who underwent busing.

### The Cardinal Success Program @ The Nia Center is Now Open!

**Nia Center, 2900 West Broadway, Suite 300**

*Free Counseling & Mental Health Services*

**The Cardinal Success Program is now open for free counseling for Individuals, Children, & Families in West Louisville for Free Mental Health and Wellness Services**

The University of Louisville is sending psychologists into the city's poorest community in the face of drugs, domestic abuse and some unimaginable trauma. West Louisville, once known for being rich in family, is now plagued by poverty, broken homes and high crime.

Dr. Eugene Foster runs the Cardinal Success program, a new counseling clinic open to anyone in west Louisville for **FREE**. The Cardinal Success Program is designed to bring access to quality counseling and psychology services to underserved members of the community, & is committed to building healthy communities by helping individuals and families through improved access to mental health and wellness services, counseling, and career and college readiness services. Services include mental health therapy, counseling for grief and loss and post traumatic stress. With Foster, a team of U of L graduate and doctoral students handle the day-to-day patient care.

The Academy @ Shawnee piloted the Cardinal Success Program last school year and the university hopes to mirror this success at the new clinic at The Nia Center. Stop by their offices on the 3rd floor.

### **“I Said Bang!” A History of the Dirt Bowl**

Dozens of people who have been involved in the Dirt Bowl over the years (as organizers, players, spectators, announcers, referees, vendors, coaches, and mentors) have been collaborating with the **Louisville Story Program** to develop “I Said Bang! A History of the Dirt Bowl”, which weaves together a wide variety of stories and experiences in the form of oral histories, original writing, and photographs. It begins with accounts of what it was like growing up in various Louisville neighborhoods in the 1950s and 1960s, then describes how the Dirt Bowl was founded, developed and sustained over the years, illustrating what it has meant to families and neighborhoods and athletes and why. Contributors discuss their personal successes and struggles and how the Dirt Bowl has played a role in their lives.

### **Powdered Booze: A Public Health Threat**

#### **SIX THINGS EVERY COMMUNITY NEEDS TO KNOW**

A powder that can be mixed with water to make an instant cocktail and two types of liquor may soon be available at Kentucky retailers. Parents should take note as this product sparks numerous health concerns about its high potential for abuse and appeal to youth. The powdered alcohol product called **Palcohol** gained federal approval to be sold in the U.S. last March; and according to the product's website will be available for distribution soon. 25 states have banned powdered alcohol through state statute and three more states banned it via agency policy. However, Kentucky has NOT enacted legislation related to powdered alcohol, and there are some things parents should know before this dangerous product hits the shelves.

1. **Marketing and appeal to youth** - Youth are highly receptive to marketing. What kind of message does powdered alcohol send to teens? Like Alcopops, jello-shots or the former alcoholic energy drinks, powdered alcohol will appeal to youth through the variety of fruity flavors and colorful names.
2. **Accidental overdose/ingestion by small children** - Powdered alcohol packets are of similar size and shape to packets of nonalcoholic children's drinks. To a kid, powdered alcohol looks like Kool Aid, Tang, or the sugary sweet powder inside a pixie stick or fun dip packet. If a small child accidentally ingests even a small amount of powdered alcohol, the result could be fatal.
3. **Date rape** - The inconspicuous nature of the powder which can be sprinkled into a drink or onto food has raised concern the product could be used as the next date rape drug. Adults who choose to drink should be reminded to maintain a close watch over any food or beverage product they plan to ingest, and if some thing is left unattended, even for a brief time—DON'T RISK IT.
4. **Ingestion of the product by snorting** - Granulized alcohol can be inhaled, making it MORE POTENT and MORE ADDICTIVE. When alcohol is inhaled, it bypasses the stomach and liver, and is ingested through the lungs directly into the bloodstream where it gets delivered to the brain in much stronger doses.
5. **Increased potential for binge drinking and alcohol abuse** - Palcohol is 50% alcohol by weight and, mixed according to the package directions, is designed to produce drinks that are 10% alcohol by volume, or roughly twice as much as a standard beer.
6. **Concealment by underage drinkers attending events/locations where alcohol is prohibited or already sold (licensed venues)** - Alcohol retailers and law enforcement need to be made aware of this new product and on the lookout for it.

Visit [www.prevention.com](http://www.prevention.com) to learn more about powdered alcohol and how to **BE THE POSITIVE INFLUENCE** in your community to prevent underage and high-risk drinking. Or, contact **Tara McGuire**, Bluegrass Prevention Center's Kentucky Alcohol Prevention Enhancement Site Manager at **859-225-3296** or [tkmcguire@bluegrass.org](mailto:tkmcguire@bluegrass.org)
