

Access to the Clubhouse and Pool

The Clubhouse and pool are monitored by a security system. A special access card (entry card) is needed for use of these facilities. Each unit is provided with one entry card. Entry cards are good for as long as you own your unit and should not be discarded. Please do not fold, bend, staple, or punch holes in the entry cards as that may prevent them from scanning properly. Entry cards will be deactivated upon sale of the unit and a new entry card will be issued to the new unit owner.

Rentals:

If an owner rents his or her unit, it is the owner's responsibility to pass the entry card on to the renter. The owner remains responsible for any damages to the Clubhouse.

Lost cards:

Entry cards will be replaced at the owner's expense (\$25.00). Contact onsite management staff for replacement of an entry card. Please note that replacement cards can only be issued when the maintenance staff is onsite, so please plan ahead. Entry cards reported lost will be deactivated.
