Try it. Test it. Love it or Return it.

Try SimpliSafe if you want home security without being locked-in to 3 years of monthly fees that often total up to \$1547 (or more!). No Commitments, No Signatures, No Lock-Ins.

SimpliSafe is wireless and installs in minutes. Your system arrives pre-programmed to work instantly. No wires, no strangers drilling holes in your walls. Do it yourself to save hundreds on installation and thousands with no-annual-contract alarm monitoring plans.

Love it...Or Return it for a full refund. Test any one of our alarm system packages below. If you aren't 100% delighted, call us within 60 days for a FULL REFUND and let us pay for return shipping.

SimpliSafe Five-Minute Installation

Save thousands in 15 minutes when you do it yourself.

One word of caution: Your spouse may laugh at you when you say, "I'm going to do this myself." But watch this 5-minute video to see how you can both laugh all the way to the bank with the savings you'll earn by installing a SimpliSafe home security system.

Feel the thrill of doing what others thought was impossible and telling your neighbors "*I did this myself*" (while secretly chuckling about how easy it was).
