

Point Source Youth Baltimore Host Homes Program

If you own or rent your home, please consider becoming one of our amazing hosts. Hosts are everyday Baltimoreans who have a spare bedroom they are willing to share with youth (18-24) for about 3 months who are currently facing homelessness.

All youth receive intensive case management and life skills training while working towards their long-term goal of housing stability!

All hosts receive a \$400 monthly stipend per youth for the duration of time a youth is hosted.

Our Host Home training takes place EVERY month!

Call to reserve your spot!
