

# COLLEGE SQUARE

"TREES OF THANKS & GRATITUDE PLANTING PROJECT"

## Adopt-A-Tree Maintenance Pledge

HERE IS YOUR OPPORTUNITY TO MAKE A SMALL CONTRIBUTION TO SAVING MOTHER EARTH!  
WE NEED YOUR HELP TO MAINTAIN AND WATER OUR NEW TREES!

PLEASE HELP?

- A tree must be watered deeply and regularly during the establishment period for the **first twelve (12) months**.

- ☐ Month 1: water twice a week inside the watering basin
- ☐ Months 2-3: water every week
- ☐ Months 4-8: water every two weeks
- ☐ Month 6: widen the watering basin
- ☐ Months 9-12: water every 2 to 4 weeks

- The resident will maintain the stakes and ties until they are removed. This period is approximately **one year** after planting.

I pledge to water and maintain my tree.
