

Do you have trouble getting to work or school? Has transportation ever affected your ability to find work or hold a job?

The Baltimore City Department of Transportation is soliciting feedback from residents whose employment and education have been impacted by inadequate transportation. You can participate no matter where you live, but DOT is especially interested in feedback from residents in the following neighborhoods:

- West Arlington
- Arlington
- Central Park Heights
- Cherry Hill
- Cylburn
- Dunbar-Broadway
- Harlem Park
- Oldtown
- Pleasant View Gardens
- Sandtown-Winchester
- Upton
- Belair-Edison

Using the information gathered from this survey, DOT will explore options that can potentially improve residents' access to employment and educational destinations. Your participation will help DOT better understand the specific needs of residents in neighborhoods throughout Baltimore City.
