**DPW**

Household Hazardous Waste (HHW) collection is returning! This is an opportunity for Baltimore City residents to dispose of hazardous household materials such as oil-based paints, pesticides, herbicides, car and household batteries, drain cleaners, and many other items. Latex paint is NOT hazardous waste, it can be dried up and the cans put out for regular trash collection.

- Residents can drop off HHW items at the Northwest Citizens' Convenience Center, **2840 Sisson Street**. HHW season runs from April to October, and generally occurs on the first Friday and Saturday of the month. The first collection events of the year will be **April 9 and 10**.
  - For more information on materials accepted and the complete schedule, please see our [flyer](#).
