Sporting KC to host groundbreaking ceremony 10 a.m., June 18, 2021 for a multi-sport complex in the Northland

Sporting Kansas City is hosting the **Friday, June 18** groundbreaking ceremony at **10 a.m.** for the new [Central Bank Sporting Complex](#) – a \$36 million multisport facility at the **northwest corner of Highway 152 and N. Platte Purchase Dr.** in Kansas City, MO.

The 76-acre, tournament-quality complex is the focal point of a planned \$375-million, multi-phase development on 492 acres within [Twin Creeks Village](#). Major components of the mixed-use project include a campus for the Platte County R-3 School District, single and multi-family housing units, and commercial space for retail, office, restaurant, hotel and entertainment destinations.

A 10-minute drive from Kansas City International Airport, Twin Creeks Village is projected to stimulate \$2.26 billion in sales over a 30-year period after completion, which combined with the economic activity at the adjacent Costco location would generate an estimated \$505.5 million in sales tax revenues during that time span.

The sporting complex is slated to **open in late summer of 2022** and will feature 10 synthetic turf fields designed for year-round use by soccer, football, baseball, softball and lacrosse teams, as well as a wide range of other activities, events and programming through [Sporting Fields + Athletics](#). All 10 fields will be lighted with convenient parking and additional on-site amenities will include trail connections, inclusive playgrounds, a fieldhouse, restrooms and concessions.
