

## **Holiday Harbour Pool Procedures**

**Holiday Harbour Pool Procedures Pool Schedule:** The pool is open approximately from Memorial Day weekend (Friday) to Labor Day weekend (Monday). Pool hours are from 10 am–7 pm, daily. The pool may be reserved for Water Aerobics on Monday, Wednesday and Friday from 10:00–11:00 am. The pool is closed for daily maintenance from 9-10 am.

**Residents Only:** The pool is for use by Residents. Families and guests are welcome with a resident in attendance. Residents may not pass this right on to non-residents, nor may Homeowners retain this right when their unit is rented to others.

**Entry Fobs:** Each unit is provided with one entry fob. Your entry fob is required to access the pool. Please be sure to carry the entry fob with you when you enter and exit the fenced pool area. Replacement fobs will only be issued when the maintenance staff is onsite. Replacement fobs will not be issued over the weekend or after hours, so please plan ahead. Use of pool entry fob indicates acceptance of Holiday Harbour Swimming Rules and Pool Procedures.

**No Lifeguards:** It is anticipated that there will be a Lifeguard at the pool during peak hours (10 am – 3pm daily, with 15-minute break from 12-12:15pm). Additional Lifeguards may be added for scheduled private-pay “pool parties”. Residents and their guests are welcome to use the pool when there are no Lifeguards on duty (during the hours of 3pm – 7pm). However, under no circumstances, may any person swim alone. The following additional safety rules will apply when there are no Lifeguards on duty. All adults in the pool area are expected to be alert to dangerous situations and to enforce all Holiday Harbour pool rules. • Adult swimmers – there must be at least one other adult present in the pool area while you are in the pool. • Child swimmers (under 18) – a responsible parent/guardian must be present in the pool area while you are inside the fenced pool area. The parent/guardian is responsible for enforcing all pool rules. • Children who cannot pass the deep end test may go in the deep end under the following conditions: o The child must wear a Coast Guard approved life vest o The child must be within an arm’s reach of swimming parent/guardian

**When You Leave:** Residents using umbrellas, furniture or toys after the Lifeguard leaves are responsible for returning everything to its proper location. Please be sure to retract the umbrellas to prevent wind damage.

**Safety:** There is an emergency phone at the pool, to use for calling 911. Residents are reminded to use good judgment regarding use of the pool during inclement weather conditions or when there is low visibility in the pool. Evacuate the pool during rain or hail, a thunderstorm or lightning, the threat of an approaching storm, or main pool drain not visible. Pool chemicals will be monitored by Lifeguards when they are on site. If chemicals are outside acceptable limits, a notice will be posted and the pool should not be used. Concerns about the pool area maintenance, safety, lifeguard schedule, etc. should be reported to Kenrick
