

## **Habitat Garden Planting in Lower Gwynns Falls Park**

**Hello neighbors.**

**We had a successful flower garden prep day this past Friday (pictures attached).**

**Please join us this Saturday, October 30th at 10am to plant lots of perennial flowers and bushes. We are thrilled to be working with the Patterson Park Audubon Center to get these wonderful native plants in the ground. We will also be installing our new community welcome sign. Join us at 525 S. Hurley Ave. Please invite all of your neighbors and friends. We'd love to have a good turnout of young people to help us with the planting. Food will be provided.**

**Here is a link to the event (flyer attached):**
