# CALLING OUT

**Camelot** can't wait to clutter our public space along Port Richmond Avenue with 35 DRUG USERS. How dare they call anyone to task for slowing down the profits of their "non-profit?"

The delay is due to their refusal to comply with building codes. OUR \$\$\$ are funding this. Like Project Hospitality, human misery is a profit center for him.

New S.I. drug treatment facility can now proceed, but leader decries lack of urgency: 'How many people have...

**WHY PUT IT IN PORT RICHMOND  
WHEN THE MAJOR DRUG PROBLEM IS BELOW THE EXPRESSWAY?**

Another **Project Hospitality** criminal. His address is the PH drop-in center. So, he is really "from" Staten Island? PH is trafficking in human misery -- with OUR \$\$\$ -- in all OUR home neighborhoods -- with imported clients.

Man, 36, faces charges in connection to Rossville church vandalism, 3 other incidents

Is this a misprint?

Even our Assemblyman signed this Bi-partisan letter.

**The North shore needs all 85 POLICE OFFICERS and our North Shore Local Elected did not sign this Bi-Partisan Letter. WHY?**

Want less cops and More.....What?

Marching in a circle? Another meaningless anti-violence Parade?  
JUST RECKLESS- IRRESPONSIBLE and DERELICT in the her Duties.

**Placing her District in Danger!! UNREAL**

We hear of this  
over and over  
again! PLEASE, talk  
with your loved  
ones, the seniors in  
your family or even  
your Senior

alone. DO NOT LET  
THEM BECOME A  
VICTIM...!

**A NEW WORRY**

## PORT RICHMOND STRONG SUMMER CLEAN INITIATIVE..!

**HAPPENED TODAY... July 14**

Today, Port Richmond had the privilege of having SI YOUTH BUILD assist us with a neighborhood eyesore. **C/O FOREST AVE & DECKER AVE.**

We called and requested assistance, and through Kamillah Hanks, SI YOUTH BUILD jumped into action.

We would personally like to thank the following from YOUTHBUILD:

**Mr. Terry Garret, Mr. William Cooper, and Mr. Jovaughn Becton** for participating in making our neighborhood a clean place to live for ALL.

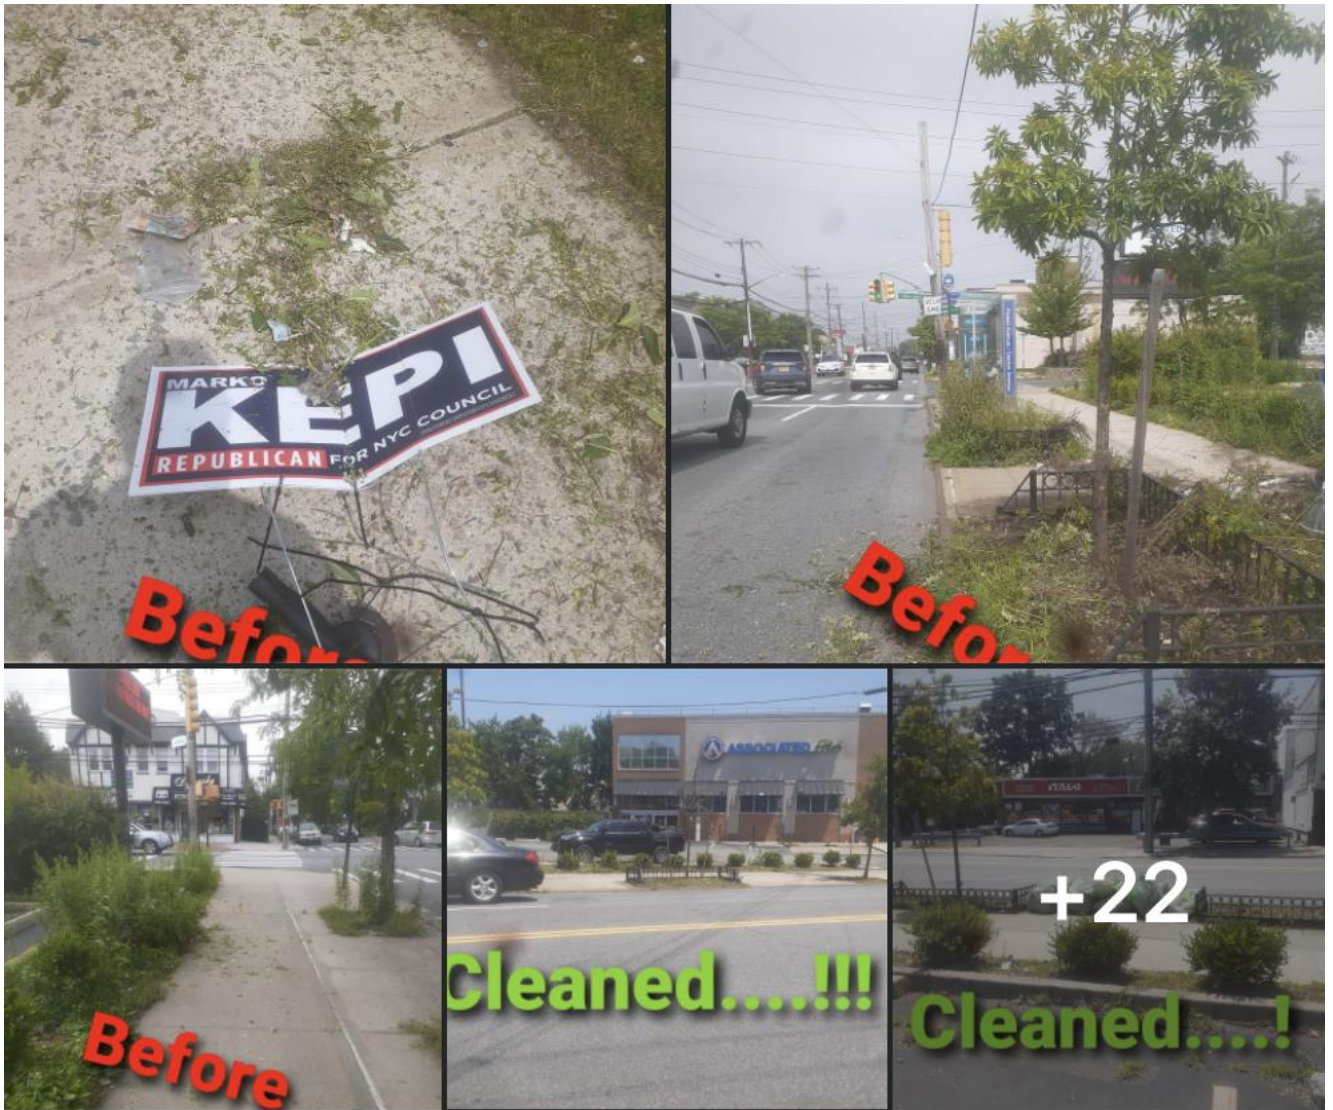

Our City Agency Partners who also stepped in to safeguard the area from

Traffic Hazards: Sgt. Correa from the 121pct Patrol,

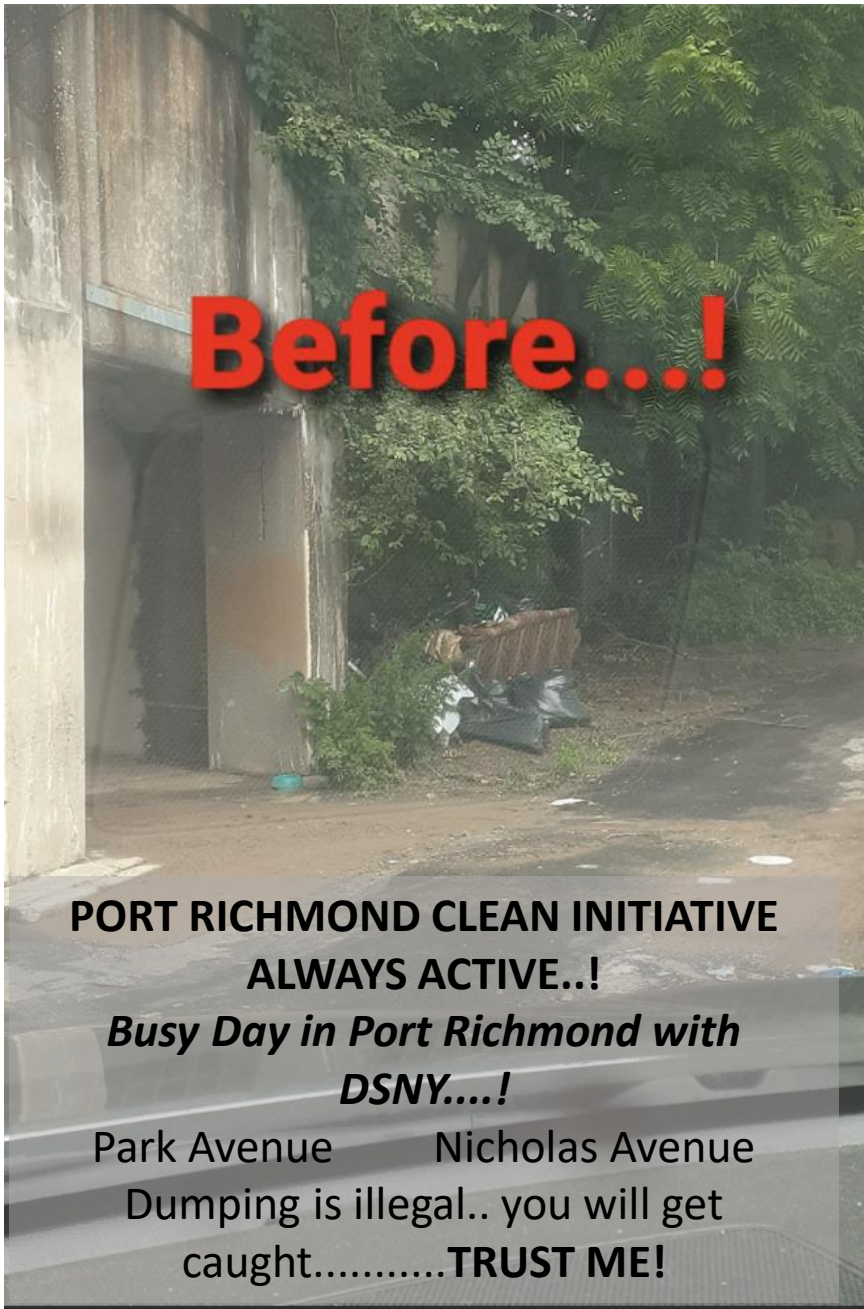

DSNY Rd. Supervisor- for immediately picking up over a dozen garbage bags.

NONE of this is possible without them.

Most materials were purchased through Community Dollars.

Back to addressing issues: ATTN: Decker Avenue

**Maritza Lopez**

This is a common daily occurrence at Sage Court & Walker St. And yet not one property owner is ever held responsible for making sure that on Monday and Thursdays after garbage pick up that this area is spotless.

[Mario Buon](#) bless his passion for getting things done but summonses are not helping at all. There's only one owner who lives in this cul-de-sac and he really tries his best to upkeep the area but really how much can be done when the other three absentee owners do not help to make sure that every week this area is spotless?

**I'm looking for any suggestions/input that can help with this trashy situation that has been going on for well over 10 years. Also Rats and raccoons love this trash and are living amongst us. Thanks**

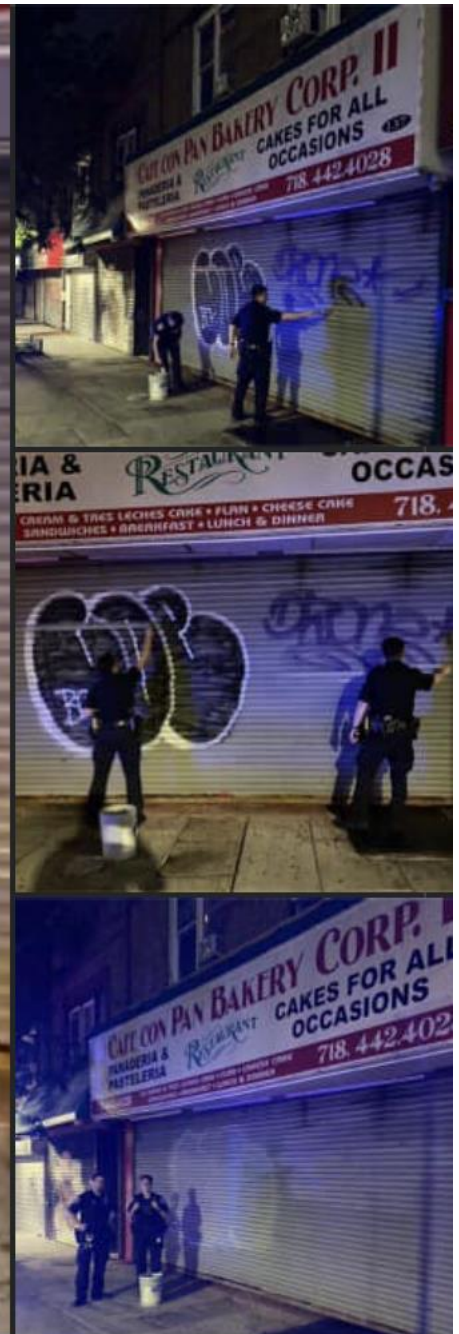

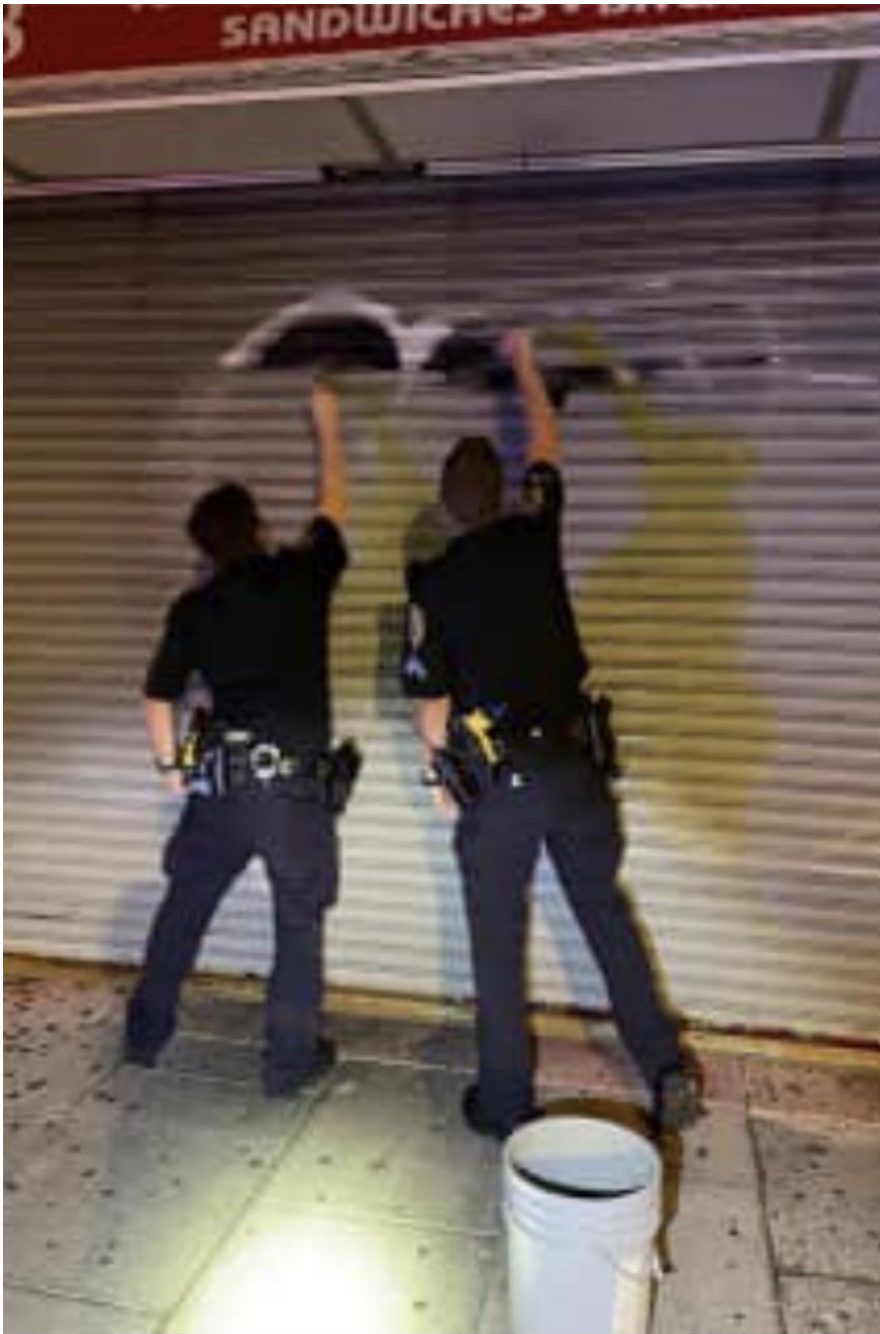

# GRAFFITI

Thank you Post Laundromat for removing graffiti on your gates.

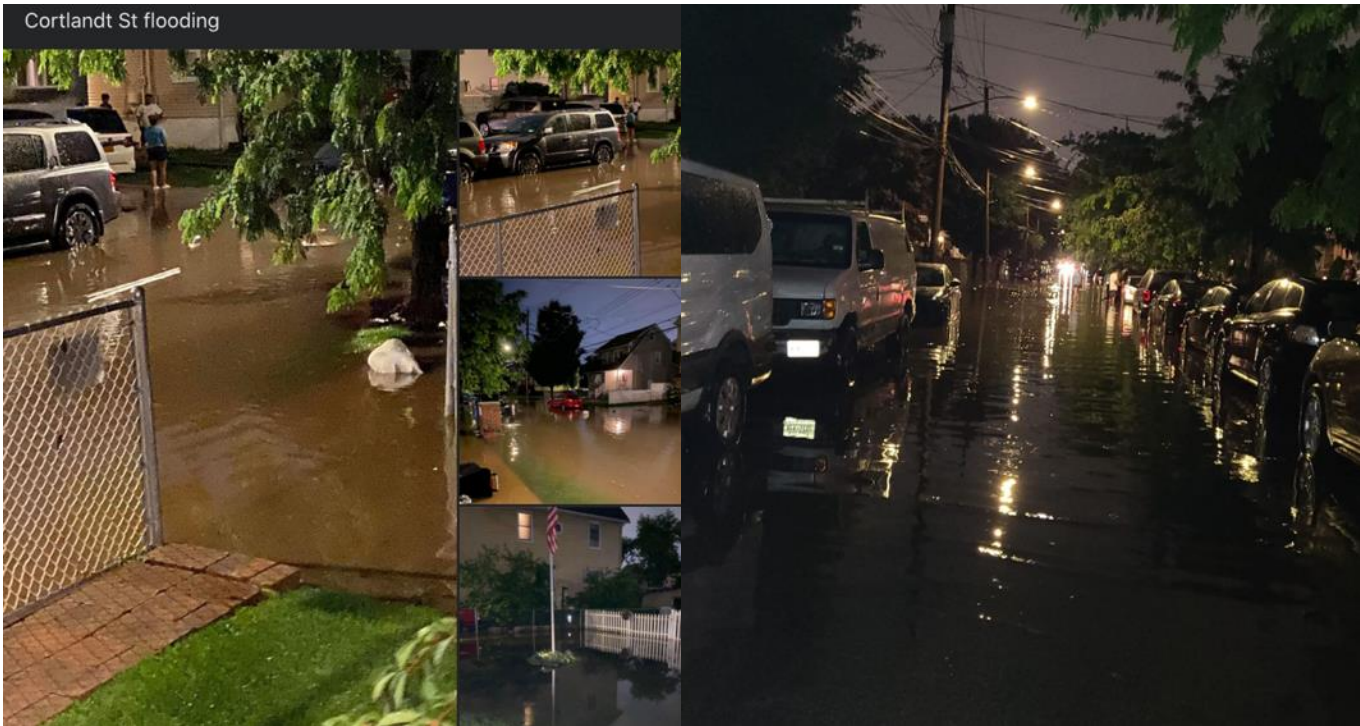

**NYPD 121st Precinct** ✓

NCO SGT Kosa, PO Guglielmo and YCO Williams are making the community in Port Richmond a cleaner place by removing graffiti markings on this store front.

## **UPDATE ON FLOODING CONDITIONS IN FOLLOWING AREAS Cortlandt St.-Haughwout Ave.-Derby Ct.- Bache Ct.-Kramer Place-Lexington Ave.- Palmer Ave- V/O Post & Jewett Ave.**

**To be Discussed at July 21 meeting.**

Met with Representatives of NYC DEP. With information provided by you all, we asked regarding this Valve or Turn-gate. After reviewing a video they are bringing out investigators and engineers to the location to inspect some sort of "Gate" which directs flow. They also will be addressing each Catch Basin in these affected areas for Debris or any collapsed basins.

There is currently a **CAPITAL PROJECT WHICH INCLUDES THIS AREA- CLOVE LAKES AREA-WESTERLEIGH AREA** which will resolve most of these issues.

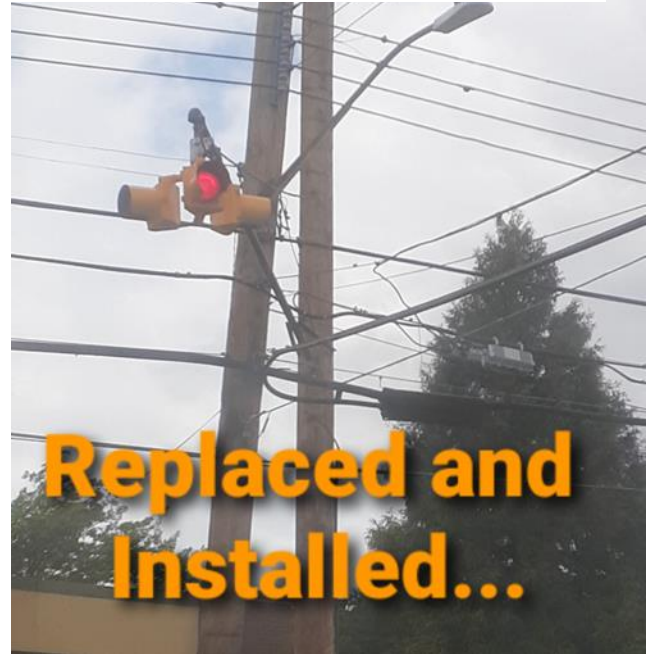

They vowed to work with the residents of Port Richmond in these areas to file claims with NYC Comptroller. They assured us that these claims will be expedited for review. When the Comptrollers Office receives claims from a cluster of Home owners, they request information from the Agency. The NYC DEP assured us they will work with both the residents and NYC Comptrollers office for a smooth transition.

HEADS UP ORANGE AVE & PORT RICHMOND AVE..!

We Submitted this complaint of missing Traffic Light.

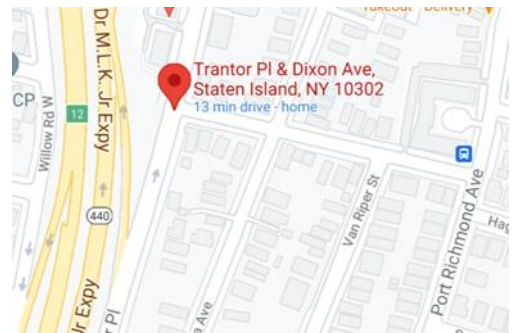

We are happy to report it has been replaced and Installed.
